

AT Funding Sources

www.at-partners.org/ATFunding

Looking for help paying for your AT device or service? Visit our searchable online database with over 2,000 agencies that provide funding for all ages. Follow these step by step instructions to begin your search...

- 1 Click on Search for Funding button at the top of the page.
- 2 Choose drop down options for location, diagnosis, age, area of need, type of device and assistance.
- 3 Scroll through list of possible funding sources, or click on specific funding category.
- 4 Click on checkbox next to at least one funding source to view more details.

Results provide description of agency, contact information, application deadline, eligibility requirements, application format, who can submit the application, documents required with submission and direct links to funding source.

AT Finder

www.colorado.atfinder.org

Looking for assistive technology (AT)? Let us help! Visit our online tool that searches online classified and auction sites to find you new or used AT for little or no cost. Follow these step by step instructions to begin your search...

- 1 Search for specific type of AT (e.g., scooter, keyboard, smartphone, wheelchair).
- 2 Indicate, in miles, how far away you would like to look. Include zip code for this calculation.
- 3 Choose drop down option for why you are looking, type primary purpose of device.
- 4 Scroll through list of results. You can refine your search for less or more appropriate options.

Results provide description, price and link to seller's page, the ability to compare with other results and to email results to yourself.
