

# DO YOU HAVE TYPE 2 DIABETES?

**VOLUNTEERS ARE NEEDED FOR A RESEARCH STUDY TO EVALUATE THE SAFETY AND EFFICACY OF THE DEXBASAL STUDY SYSTEM - A <sup>NON</sup> INVESTIGATIONAL WEB PORTAL DESIGNED TO GENERATE DAILY BASAL INSULIN DOSE RECOMMENDATIONS.**

## ABOUT OUR STUDY...

We are investigating the use of the DexBasal Study System. The DexBasal Study System is a web portal designed to generate a daily basal (once daily) insulin dose recommendation for persons with type 2 diabetes. The system uses glucose data from a Dexcom Continuous Glucose Monitoring System.

## YOU MAY QUALIFY IF...

- You have been diagnosed with type 2 diabetes
- You use insulin glargine (Toujeo) U-300 or insulin degludec (Tresiba) U-100, or are willing to start using one of these insulins
- Are 18 years of age or older
- Can speak and read English

## WHAT WILL BE ASKED OF YOU...

You will be required to come to 2 or 3 in person clinic visits with our study team, wear a Dexcom Continuous Glucose Monitor, and use basal insulin daily.

You will be provided with Dexcom CGM supplies and compensated for your time and participation.
