Contact the Program Director to follow the steps below After hours/weekends: Reach the on-call psychiatry attending at 303-370-9127 for help with triage* M-F 8am-5pm: contact Julie Wolfe, MD at Julie.Wolfe@cuanschutz.edu or 303-724-9579, indicate that this is urgent. If you are unable to wait for a reply, err on the side of calling 911 and referring the resident to the UCHealth ED.

* The on-call attending cannot evaluate the resident or schedule an appointment for the resident

Have the resident call 303-724-4716 and request a same-day appointment. If no answer or before business hours, leave a message with contact information.

Faculty and staff should also contact Julie Wolfe, MD at Julie.Wolfe@cuanschutz.edu or 303-724-9579. If resident/fellow is not an existing patient of the clinic, this will allow us to let you know if an appointment was not made

Call 911 and/or hospital security. Contact the Program Director.

Resident/Fellow may present to the UCHealth ED and identify themselves as a resident. They will be prioritized and seen by Department of Psychiatry Faculty.

- If you refer a resident to the UCHealth ED, you may give the charge nurse or ED attending heads up at 720-848-9111. You may also speak with the behavioral health evaluator at 720-848-5197.
- Please provide any relevant information regarding the resident to Student and Resident Mental Health (SRMH). You should call Dr. Julie Wolfe (Medical Director) at 303-724-9579 or email Julie. Wolfe@cuanschutz.edu.
- Keep in mind that, once the resident becomes a patient, we will only be able to communicate with GME or the residency programs if the resident signs a release.
- If you need the resident's treatment to be mandatory, please place a referral to the Colorado Physician Health Program (CPHP) at 303-860-0122. SRMH cannot mandate treatment.
- If you would like assessment regarding fitness to practice, please place a referral to CPHP. SRMH clinicians will coordinate with CPHP but cannot provide a determination.

SRMH providers have a clinical role and maintain confidentiality as per the provider-patient relationship. CPHP providers have dual agency, acting both in clinical and forensic roles.
