

University of Colorado School of Medicine

Graduate Medical Education

Policy: Non-Compete Policy		
Original Approval: July 1, 1999	Effective date: July 1, 1999	Revision Date: April 21, 2010 (Editorial) April 24, 2013 (Editorial)

In this document, “Resident” refers to both specialty Residents and subspecialty Fellows.

Policy

ACGME institutional requirements state that ACGME-accredited residencies must not require Residents/Fellows to sign a non-competition guarantee in return for fulfilling their educational obligations.

In addition, the GMEC of the University of Colorado School of Medicine established a policy opposing non-compete clauses for any CU trainees, either in ACGME accredited programs or non-ACGME accredited programs.
