

# Ready to smile?

If you are over the age of 18, this study may be for you.

## Study for adults w/ neurodegenerative disease:

We're looking for adults with neurodegenerative disease (e.g., Alzheimer's disease, Frontotemporal dementia) to help us understand how the brain makes different facial expressions.

Participants will be asked to participate in one visit.

## Participants will receive:

- Snacks
- Refreshments
- A neurological screening

## Location

All sessions will be at the University of Colorado, Anschutz Medical Campus in Aurora, Colorado.
