

Caregivers, wondering what to do about sundowning?

University of Colorado Anschutz
Research Study Opportunity:
Developing
The Music Intact
Program
for Sundowning

You may be eligible to participate if you:

- live in Colorado
- live at home with a person with Alzheimer's disease
- have seen the person with Alzheimer's have sundowning at least twice in the last month
- can walk outdoors or do light exercise indoors and the person with Alzheimer's can also

September,
2022 through
June, 2023

Research participants have the opportunity to use the first music-based program for sundowning and give feedback on the program.

\$50 compensation provided
