A Class for Caregivers: Strategies & Techniques for Successful Communication

Jill Lorentz, President of Summit Resilience Training

This FREE event is for those who are experiencing or are anticipating memory loss in a loved one due to neurologic disease (including Parkinson's disease, atypical Parkinsonism, Alzheimer's disease, etc.)

Tuesday April 27, 1:30-3:30pm

Due to current health concerns this event will be held virtually.

To register please click here, go to https://neuropalliative.org and click on Events, or scan the QR code with your smartphone.
