

Welcome!

Please put your name, pronouns, practice name, and role in the chat.

You can ask questions via the chat we will monitor it as we go along. We will also pause for questions periodically.

These slides and the recording will be made available on the [Practice Innovation Program website](https://medschool.cuanschutz.edu/practice-innovation-program/current-initiatives/1302-behavioral-health-integration/for-practices).

AGENDA

Upcoming Events

Review of 1302 Practice Progress on Behavioral Health Building Blocks

Scan to complete evaluation

https://practiceinnovationco.co1.qualtrics.com/jfe/form/SV_eVyhF29FimdDKgm

Events on the Horizon

3-part series with Waco Family Medicine Team Lance Kelly, Zach Sartor, and Ryan Laschober

- Thurs. September 25, 12:00-1:00: Psychopharmacology Pearls for Primary Care
- Thurs. October 16, 12:00-1:00: Suicide Risk Assessment in Primary Care
- Thurs., November 13, 12:00-1:00: Bipolar Disorder Across the Lifespan

Join Zoom Meeting

The Building Blocks of Behavioral Health Integration

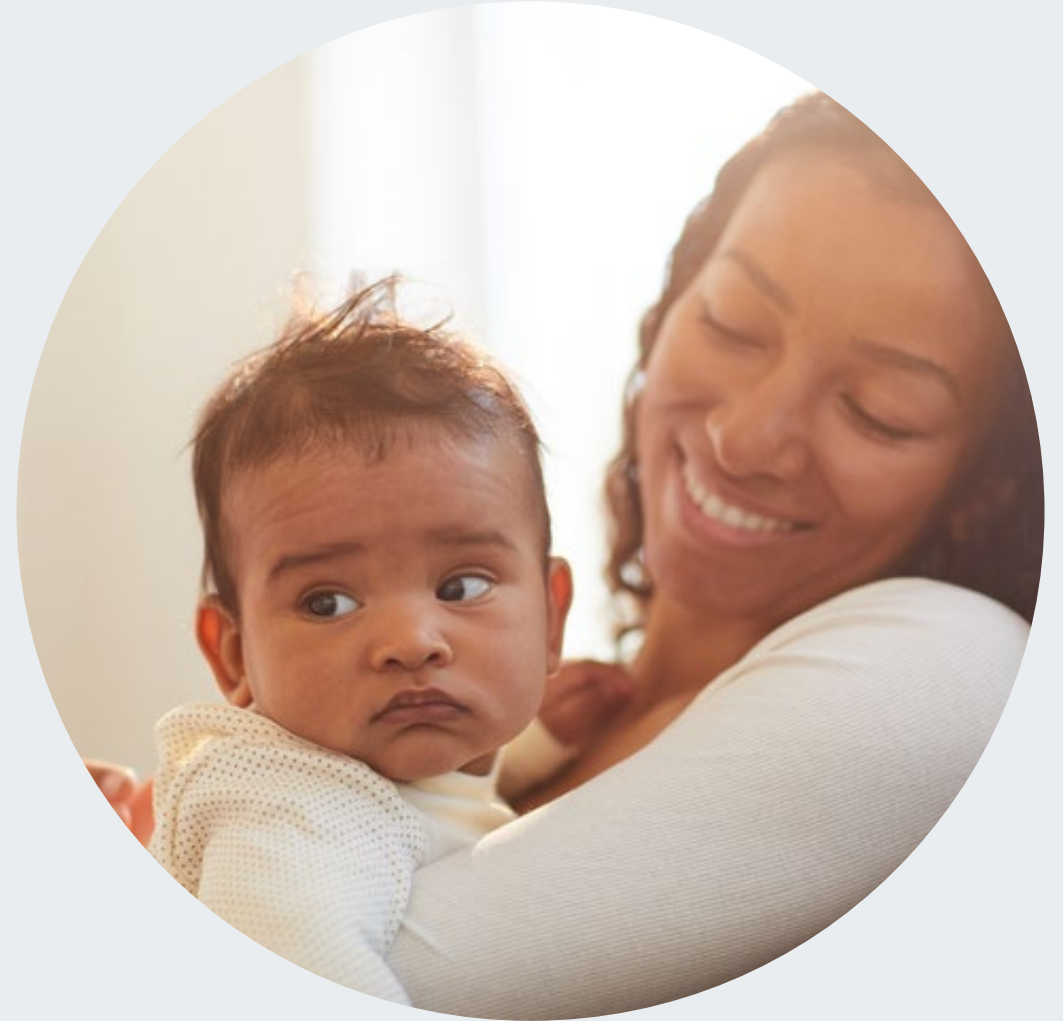

Stephanie Gold, MD
Emma Gilchrist, MPH
Stephanie Kirchner, MSPH, RD
Bahroze Rakeen, MA
Larry Green, MD
Perry Dickinson, MD

Acknowledgments: CJ Peek, key informant interviewees, PCC BHI Workgroup

Component 1 - Foundational Care Delivery Expectations:

- Patients who will benefit from services identified through universal screening
- Behavioral health care provided within the practice and/or patients are linked to care
- Follow up tracked for patients referred to outside services
- Measures specific to behavioral health integration are tracked and reviewed regularly

Component 2 - Advanced Coordination and Care Management:

- Practice develops shared expectations and exchanges information with behavioral health providers
- Practice manages a registry of patients with target behavioral health condition(s)
- Practice screens for social needs and links patients and families to services

Component 3 - Integrated Behavioral Health Professional:

- An integrated behavioral health professional (which could be a psychologist, licensed clinical social worker or other licensed professional) works as part of the primary care team.
- The integrated behavioral health professional provides counseling, diagnostic support, crisis management, and behavior change support in partnership with the primary care provider.
- Services can be provided in person or via telehealth.
- For smaller, independent and/or rural practices, a behavioral health professional may be shared across practice sites.

Component 4 - Psychiatry:

- A psychiatrist supports complex diagnostic evaluation and medication management, providing consultation to the primary care provider.
- They may provide direct patient care either in person or via telehealth.

Component 5 - Advanced Care of Substance Use Disorders:

- The primary care provider prescribes medication for substance use disorders including tobacco use disorder, alcohol use disorder, and opioid use disorder.
- Counseling related to substance use disorders is provided in the practice or coordinated with resources outside of the practice.

The Building Blocks of Behavioral Health Integration

1302 BBA Results Overview

As of 08/06/2025

Responses

BBA	Responses (n)
Baseline	142
6-month	135
12-month	135
18-month (final close: 07/15/2025)	135

Building Block Assessment

Leadership

Please score your practice on a scale of 1-4 (1 = Not Started, 2 = Just Beginning, 3 = Actively Addressing, 4 = Completed).

	Not Started (1)	Just Beginning (2)	Actively Addressing (3)	Completed (4)
1.1. Practice has defined vision related to meeting behavioral health needs.	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>
1.2. Practice has a defined behavioral health champion or team. (A behavioral health champion is someone in the practice with the capacity and interest to help lead behavioral health-related initiatives).	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>
1.3. Practice has a budget with allocated resources for work related to behavioral health, including behavioral health professional(s) if part of the care team, that incorporates planning for sustainability of services.	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>

Data Driven Quality Improvement

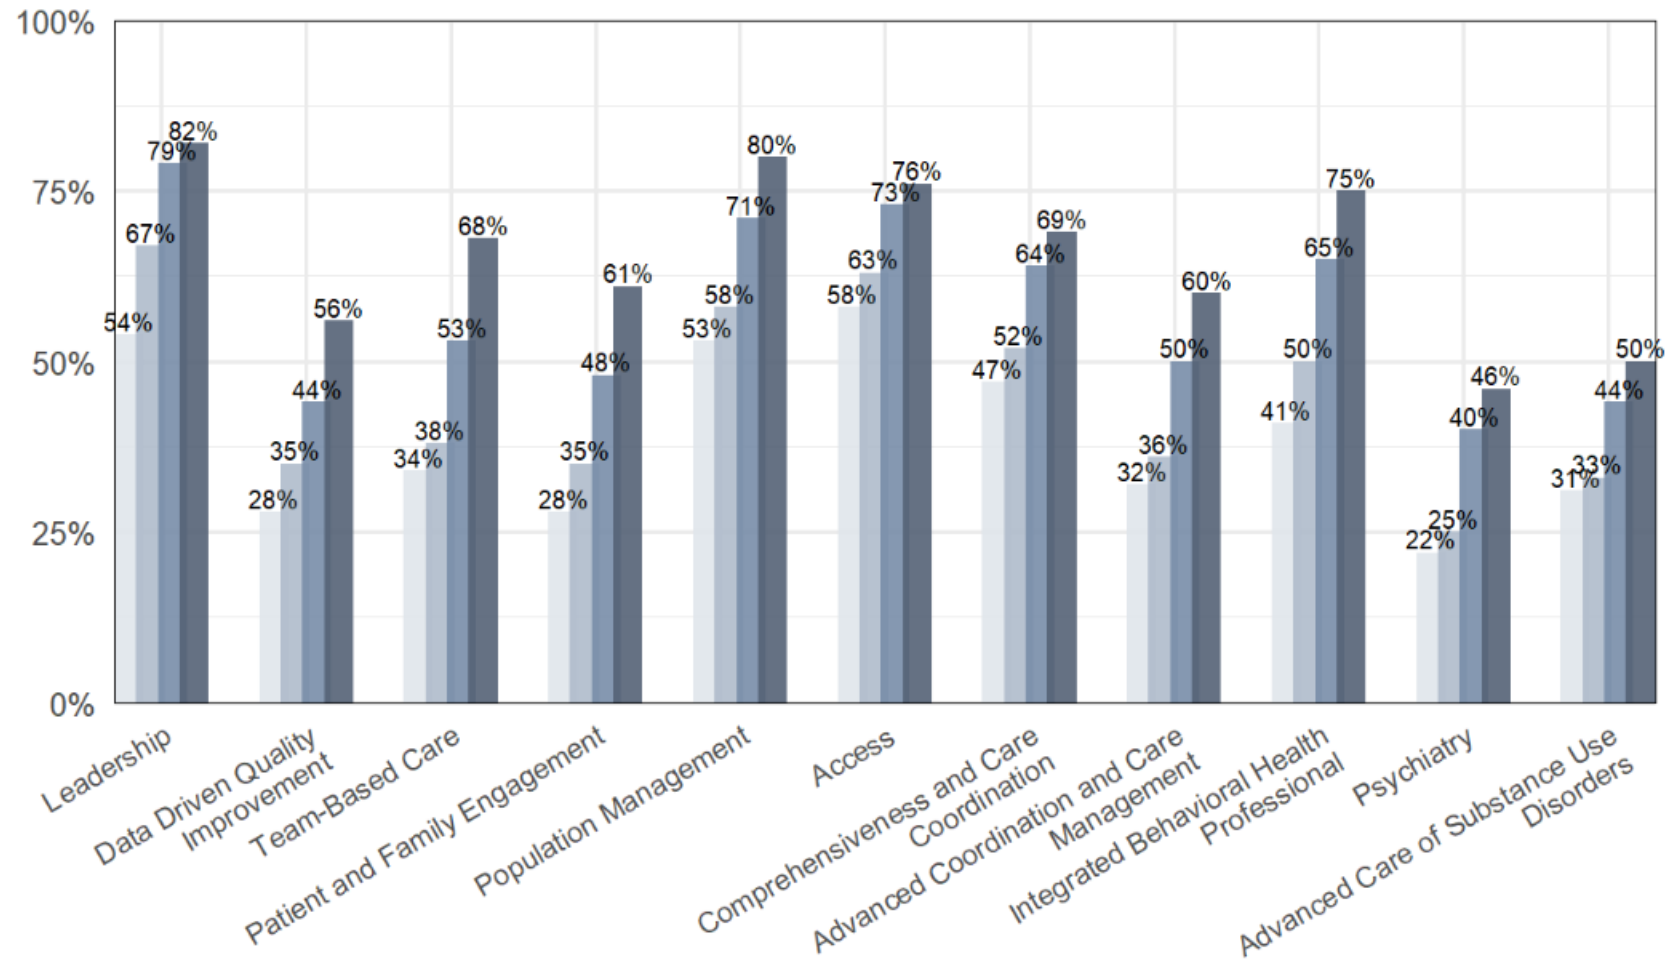

Please score your practice on a scale of 1-4 (1 = Not Started, 2 = Just Beginning, 3 = Actively Addressing, 4 = Completed).

Care Delivery Expectation Progress

All Care Delivery Expectation Progress

Percent of All Care Delivery Expectations Completed by All 1302 Practices at:

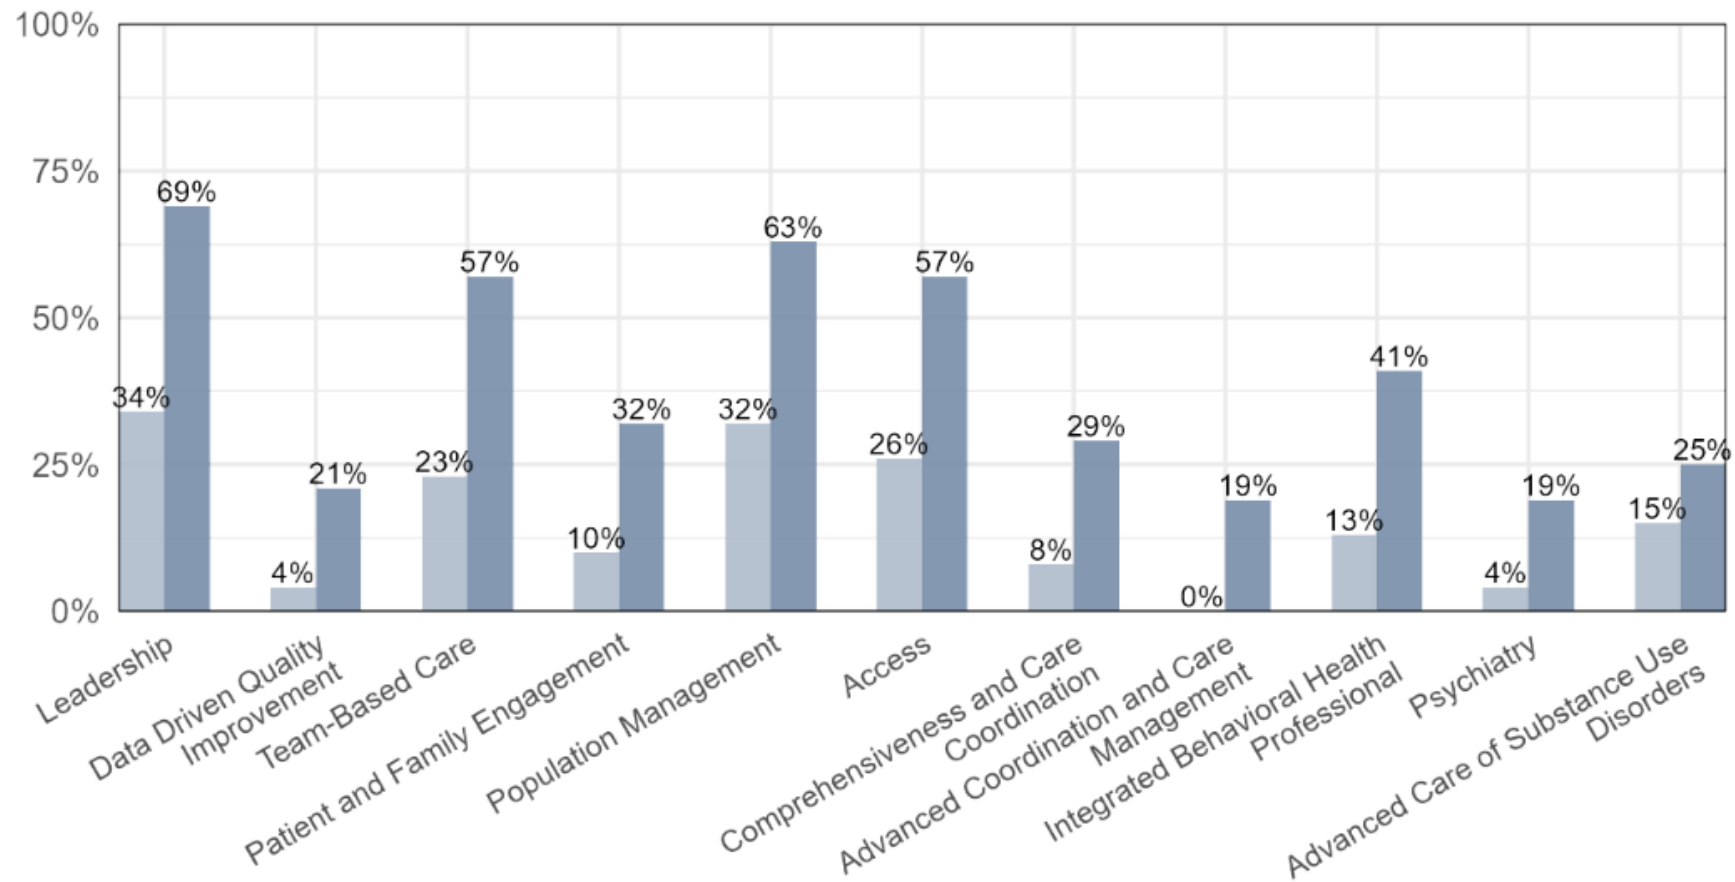

Baseline, 6 months, 12 months, 18 months

All Care Delivery Expectations Complete

Percent of Practices: All Care Delivery Expectations Complete

Percent of **All 1302 Practices** that have completed the Building Block at **Baseline** and **18 months**.
