Evaluation Task

Opens April 1, 2025

Due May 8, 2025

Practice Innovation Program

UNIVERSITY OF COLORADO
ANSCHUTZ MEDICAL CAMPUS

Department of
Family Medicine

What is this survey?

Asks practices about

- Their access to behavioral health providers
- The practice's integration model(s)
- Barriers to integration
- Supports needed to continue improving access to behavioral health services

Practices complete one survey per practice

They can get help from anyone in the practice

They can get help from their Practice Facilitator

Estimate it will take about 15 minutes to complete

Practice facilitator will submit the survey on practice's behalf

Why are we doing this?

Help HCPF and PIP

- Plan future integration work
- Learn about key barriers
- Identify other areas of inquiry to learn more about improving access to behavioral health services in Colorado
- Fill in some gaps in what we know about integration in 2025

What else do you need to know?

- This was co-designed by PIP and HCPF
- HCPF will see these data and use these data
- Survey opens April 1, 2025
- Surveys due May 8, 2025
- Will appear as a task in SPLIT
- Practice Facilitators will need to submit this on behalf of each practice as part of the “Evaluation Task” SPLIT assessment in the SOW

What are the questions?

- BHP arrangements at start of 1302 in January 2024.
- Intentions to add or continuing efforts to add BHPs
- Successes and barriers to adding BHPs
- Barriers to providing adequate behavioral health services to their patients
- The BHI model(s) they are implementing

Other strategies to address access to behavioral health
Payment preferences for BHI
Training on their BHI model
Support needed going forward
