

**PF** – Practice Facilitator

**CHITA** – Clinical Health  
Information Technology  
Advisor

## Practice Facilitators

*Quality Improvement Coaches*

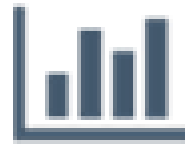

- Develop practice leaders that support a culture of improvement
- Establish effective quality improvement teams
- Identify and solve problems
- Link to practices to transformation resources

## Regional Health Connectors

*A Local Trusted Convener*

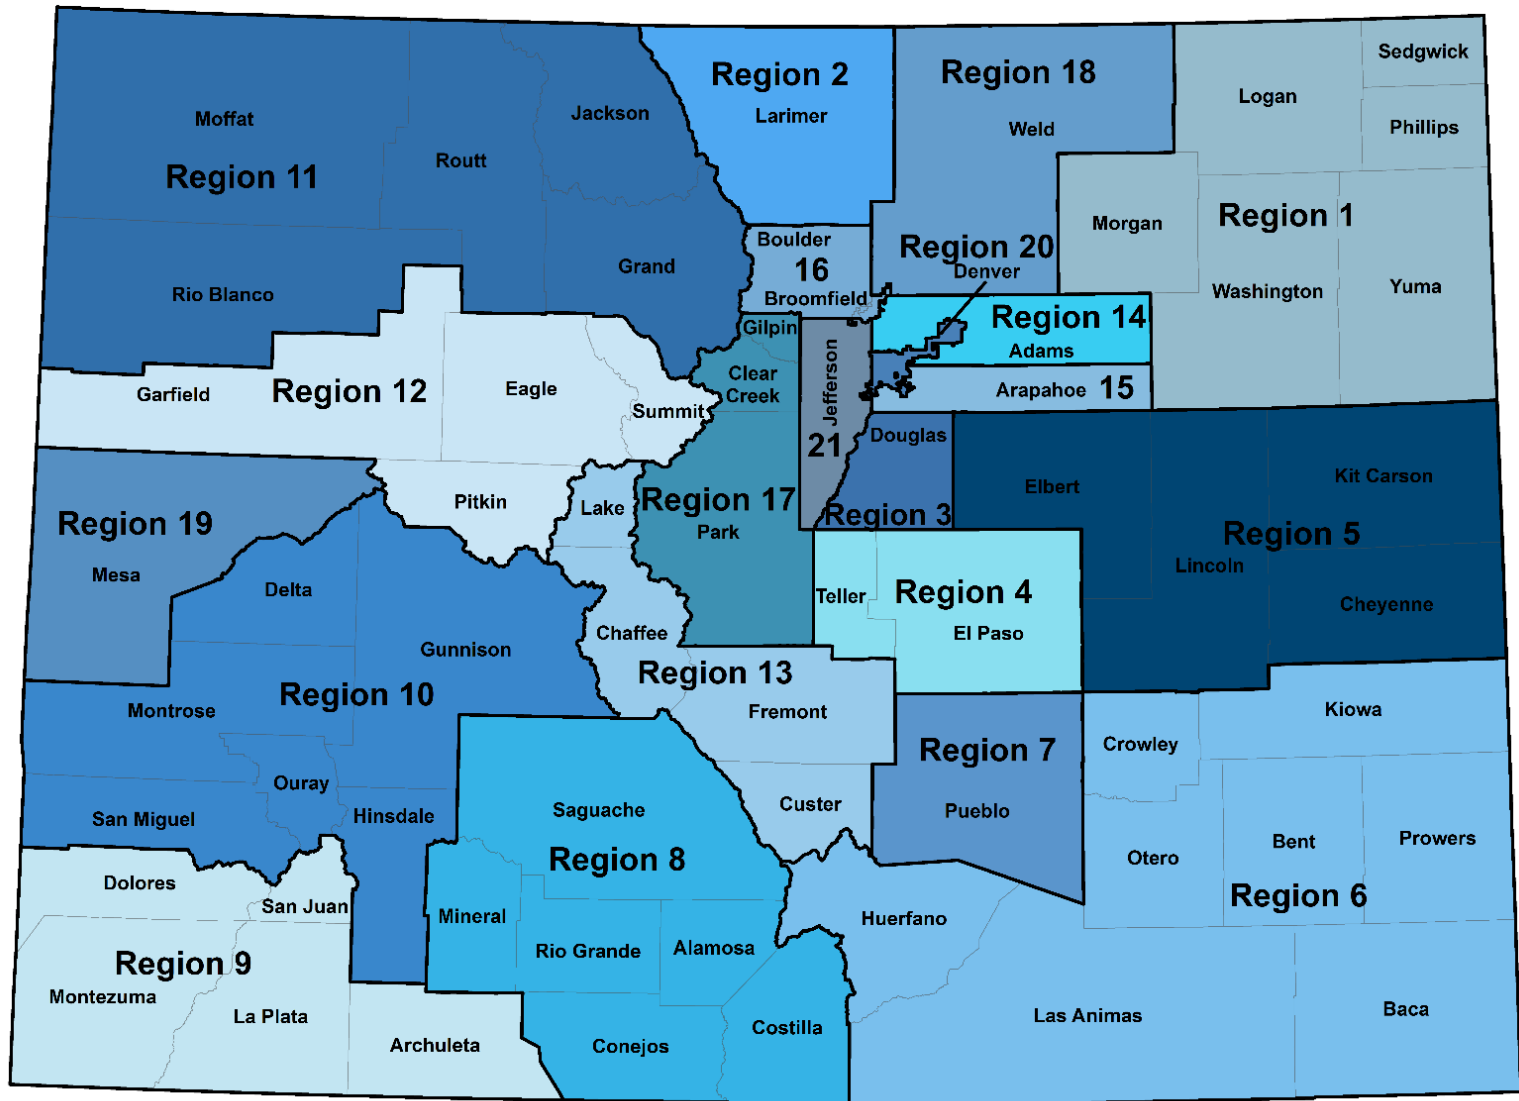

- Live in communities
- Link practices to community and statewide resources
- Listen for needs and opportunities
- Strengthen community capacity to address local health problems

## Clinical Health Information Technology Advisors

*Technical and Data Processes Support*

- Support practice data capacity
- Analyze and identify ways to improve practice data systems
- Optimize workflows for data collection, reporting, and analysis

# Appendix

**COLORADO**  
REGIONAL HEALTH CONNECTORS

# Real World Examples

In Region 11 (Western Slope), RHC **Stephanie Monahan** is convening care coordinators, case managers, and community service providers to identify referral opportunities and gaps

In Region 3 (Front Range), RHC **Laura Don** connected a primary care practice with a behavioral health provider in the same office building!

# Real World Examples

In Region 9 (Western Slope), RHC **Mary Dengler-Frey** will expand the SIM-funded stigma reduction campaign to reach providers and residents in 2-5 additional counties

In Region 13 (Central Peaks), RHC **Mike Orrill** connected a high school with the local public health department to continue funding a successful Sources of Strength program

# Real World Examples: Quick Wins

In Region 4 (Front Range), RHC **Darlyn Miller** heard a need for behavioral health resources tailored to LGBTQ youth and provided connections for training and referrals for practices

In Region 18 (Front Range), RHC **Tanya Trujillo-Martinez** connected a SIM practice looking for materials on childhood obesity to a local community group working on consistent messaging

## Real World Examples: Long-Term Plans

In Region 4 (Front Range), RHC **Darlyn Miller** will be developing a “scaffolding” to coordinate and facilitate connections to behavioral health resources while focusing on the social determinants of health

In Region 18 (Front Range), RHC **Tanya Trujillo-Martinez** will be expanding the consistent message campaign to include resources and engage more providers

**COLORADO**  
REGIONAL HEALTH CONNECTORS
