Margaret A. E. Jarvis, MD, DFASAM
Jeffrey Selzer, MD, DFASAM

FOUNDING PRESIDENT

Ruth Fox, MD
1895-1989

Dear Presenter:

Thank you for your participation in this accredited continuing education activity. ASAM is the credit provider.

ASAM has been awarded Joint Accreditation. ASAM must ensure that this activity presents learners with only accurate, balanced, scientifically justified recommendations, and protects learners from promotion, marketing, and commercial bias. Any accepted presentations and posters must be in full compliance with the ACCME Guidelines and [Standards for Integrity and Independence in Accredited Continuing Education \(ACE\)](#).

To ensure that this activity and the presentations are free of influence from ineligible companies and comply with Joint Accreditation Guidelines and Standards, please review the following policies:

1. Educational materials that are part of an accredited activity, such as slides, abstracts, and handouts, cannot contain any advertising, logos, or product-group message.
3. Presentations and poster discussions must give a balanced view of therapeutic options and medical devices. Presentations should contain only generic names. If trade names are unavoidable, where available trade names from several companies should be used, not just trade names from a single company.
4. Presentations must promote improvements or quality in healthcare and not a specific proprietary business interest or [ineligible company](#).
5. Discussion of off-label uses are certainly allowed in accredited activities. Any planned discussion of off-label, experimental or investigational use of drugs or devices must be disclosed; this information must be repeated at the time the actual discussion occurs within the activity. The ACCME Content Validation Statements are expectations of providers regarding any recommendations for clinical care.

Accredited Activities must be based on evidence that is accepted within the profession of medicine as adequate justification for the indications and contraindications in the care of patients.

ASAM American Society of
Addiction Medicine

All scientific research referred to, reported or used in Accredited Continuing Education in support or justification of a patient care recommendation must conform to the generally accepted standards of experimental design, data collection and analysis.

6. Additionally, ASAM's CE Committee asks that you have a disclosure slide as the second slide of your presentation after the title slide or a disclosure section on your poster PDF.

Please note that your presentation may be audited to ensure compliance with the ACCME Standards for Integrity and Independence in Accredited Continuing Education (ACE). In the event that the above policies are not met, your presentation may be denied accreditation.

If you have any questions regarding the above policies, please feel free to contact me at polandc2@msu.edu or Caitlyn Keenan, Associate Director, Accreditation at ckeenan@asam.org.

Thank you again for ensuring that the education is of the highest quality and free from the influence of ineligible companies.

Sincerely,

Cara Poland, MD, MEd, DFASAM
Chair, ASAM CE Committee
