

Incentives and Support for MOUD

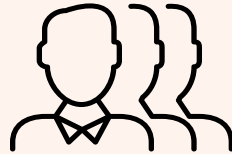

Medication for Opioid Use Disorder (MOUD)

Incentives and Support for MOUD (ISM) will help your practice increase access to MOUD for your patients and build the confidence of waived physicians to successfully support patients eligible for MOUD in primary care.

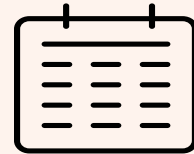

Who?

Practices with at least one provider with a DEA X waiver or one committed to getting a waiver to prescribe MOUD to more patients. The target practice has prescribed MOUD to 4 or fewer patients in the last 3 months.

What?

Practices will receive 12 months of practice facilitation support that may flex over time depending on practice needs. **Practices will receive up to \$12,000 by completing milestones that expand MOUD services at their site.**

When?

Training begins January 2022
