
*March 2024- Updated version of AAFP TIPS CGM is now available.

The AAFP CGM toolkit includes training, tools, and information that will be beneficial to clinicians as well as staff, such as nurses, medical assistants, practice managers, care managers, billing specialists, and pharmacists. It is intended for at least one person in the practice to take the course (4.25 accredited hours of continuing education) and then to bring to the tools to the rest of the practice as a practice-wide implementation project. The updated version now includes updated evidence, updated (and expanded) insurance eligibility, and updated resources and is available through February 2, 2026.

You can access the toolkit modules [using this link](https://www.aafp.org/cme/all/endocrinology/cgm.html) or by copying and pasting the below URL into your browser: <https://www.aafp.org/cme/all/endocrinology/cgm.html>

You will be asked to login into an AAFP account if you already have one.

If you don't have one, you can create one for free by clicking at the bottom of the login screen:
