# Addressing Clinical Quality Measures to Succeed in the Medicaid Quality Performance Track

# General Questions

- Any follow up questions after HCPF's presentation last week?
- Have all RAE's distributed practice measure reports to practices?
- Any feedback on how the measure reports look compared to what the practices expected?
- Follow up process if RAE's or practices have questions about practice measure reports?
- Any examples of how practices are setting up special arrangements with HIEs to report measures on their behalf if not sending data to HIEs?
- Any follow up questions on HCPF utilization of lab data versus Category 2 CPT codes?
