

Amy Kanallakan, MD FAAPMR, Assistant Professor, Dept. of PM&R

BACKGROUND

- 2-year PRM Fellowship
- Prior curriculum:

METHODS / RESULTS

Cerebral Palsy Classification

Overview / Review

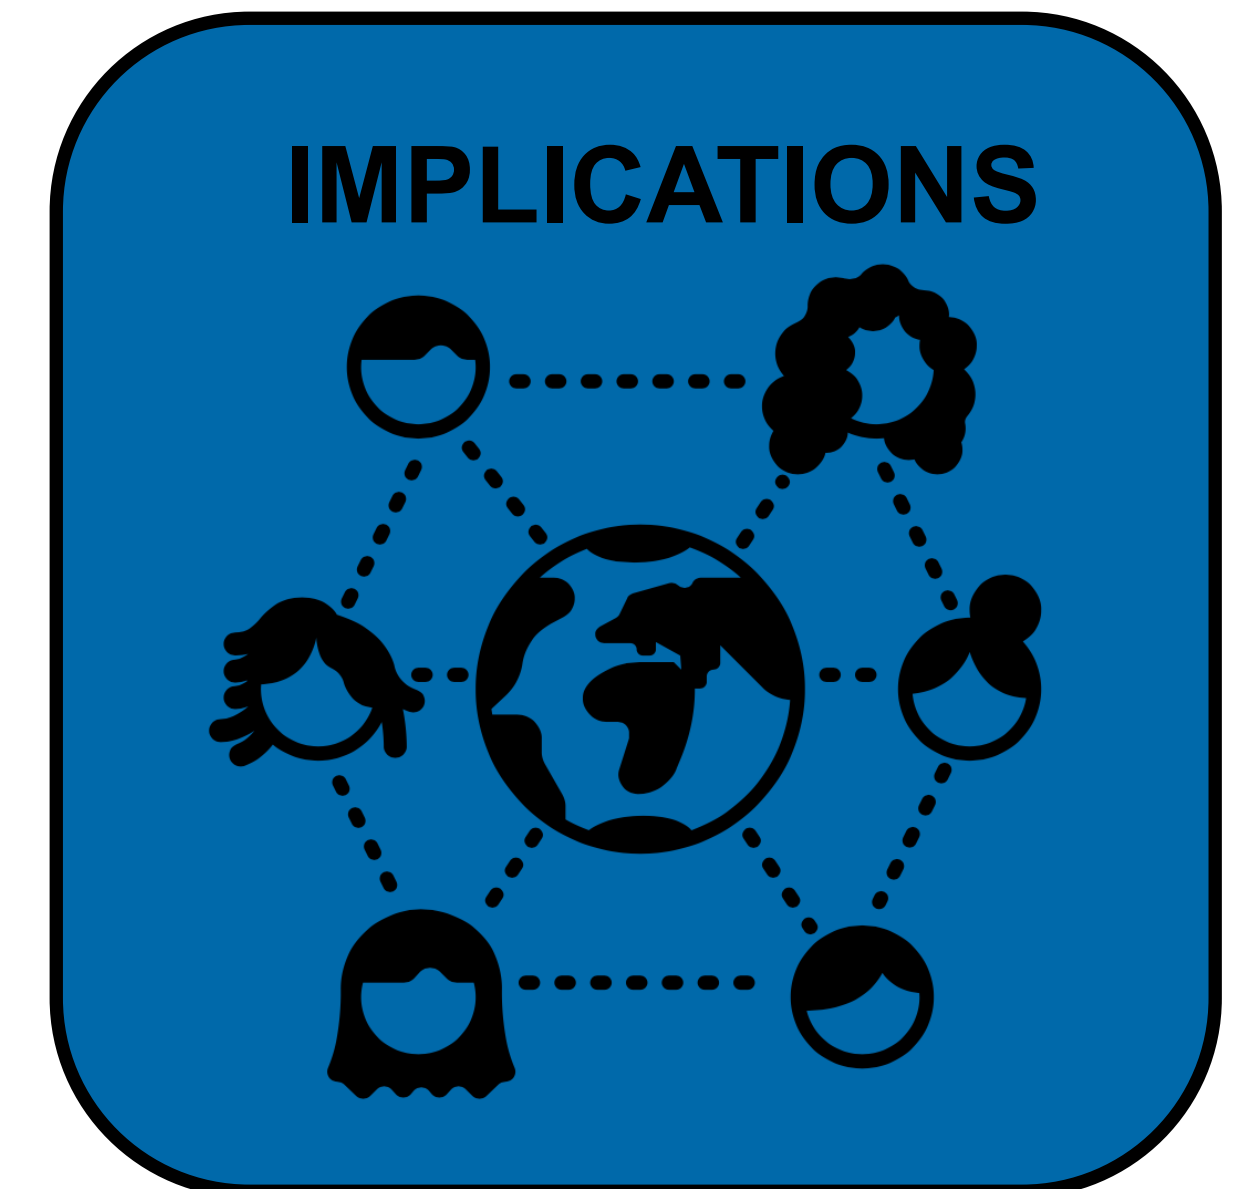

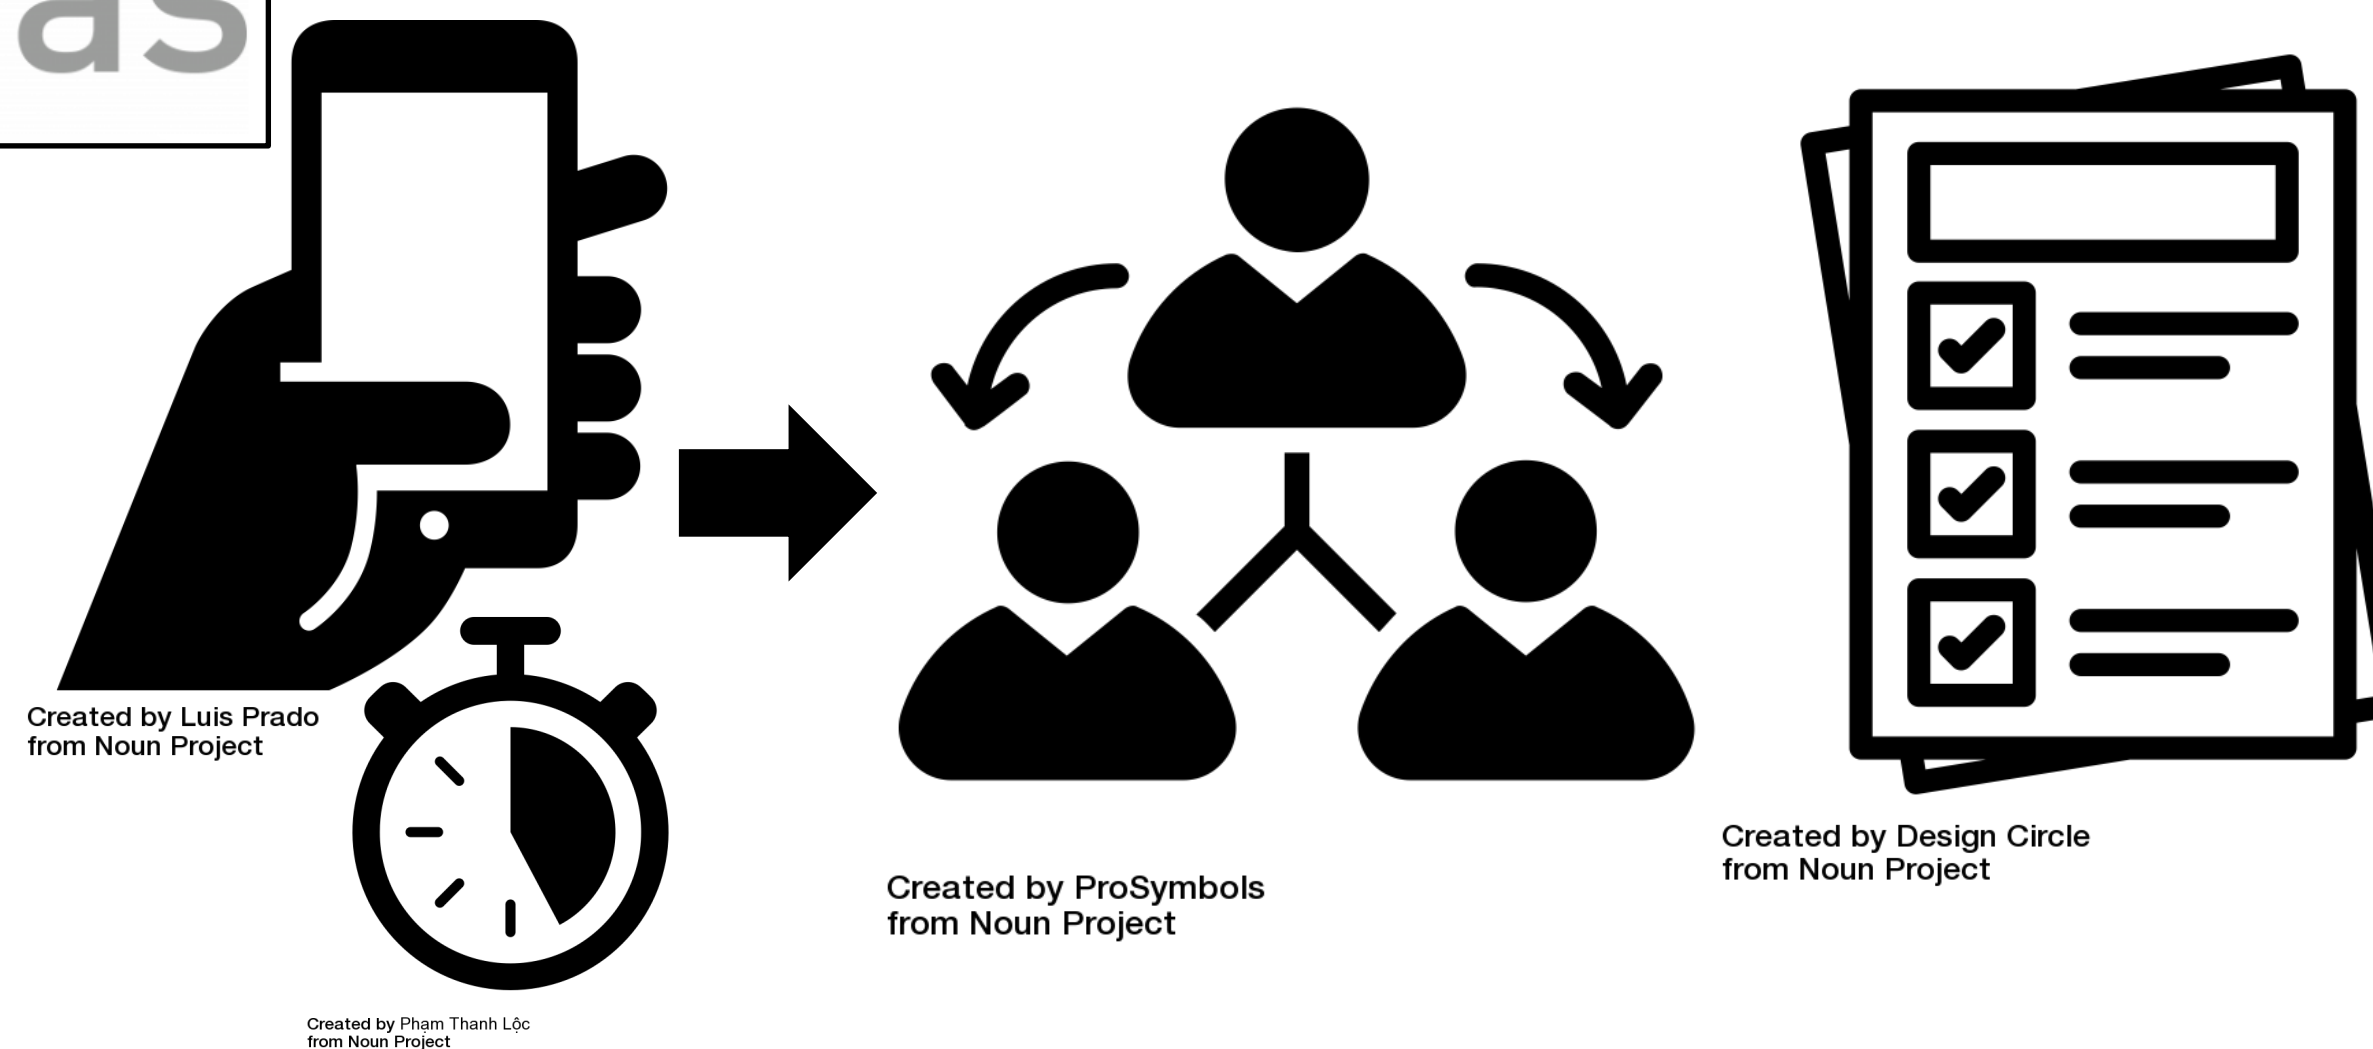

(PDF Link here) Paulson A. Vargus-Adams J. Overview of Four Functional Classification Systems Commonly Used in Cerebral Palsy. Children (Basel). 2017 Apr 24;4(4):30. doi: 10.3390/children4040030. PMID: 28441773; PMCID: PMC5406689.

Developmental Milestone Review (PDF Link here) - it is important to first know developmental milestones when evaluating the motor skills in a child with suspected CP.

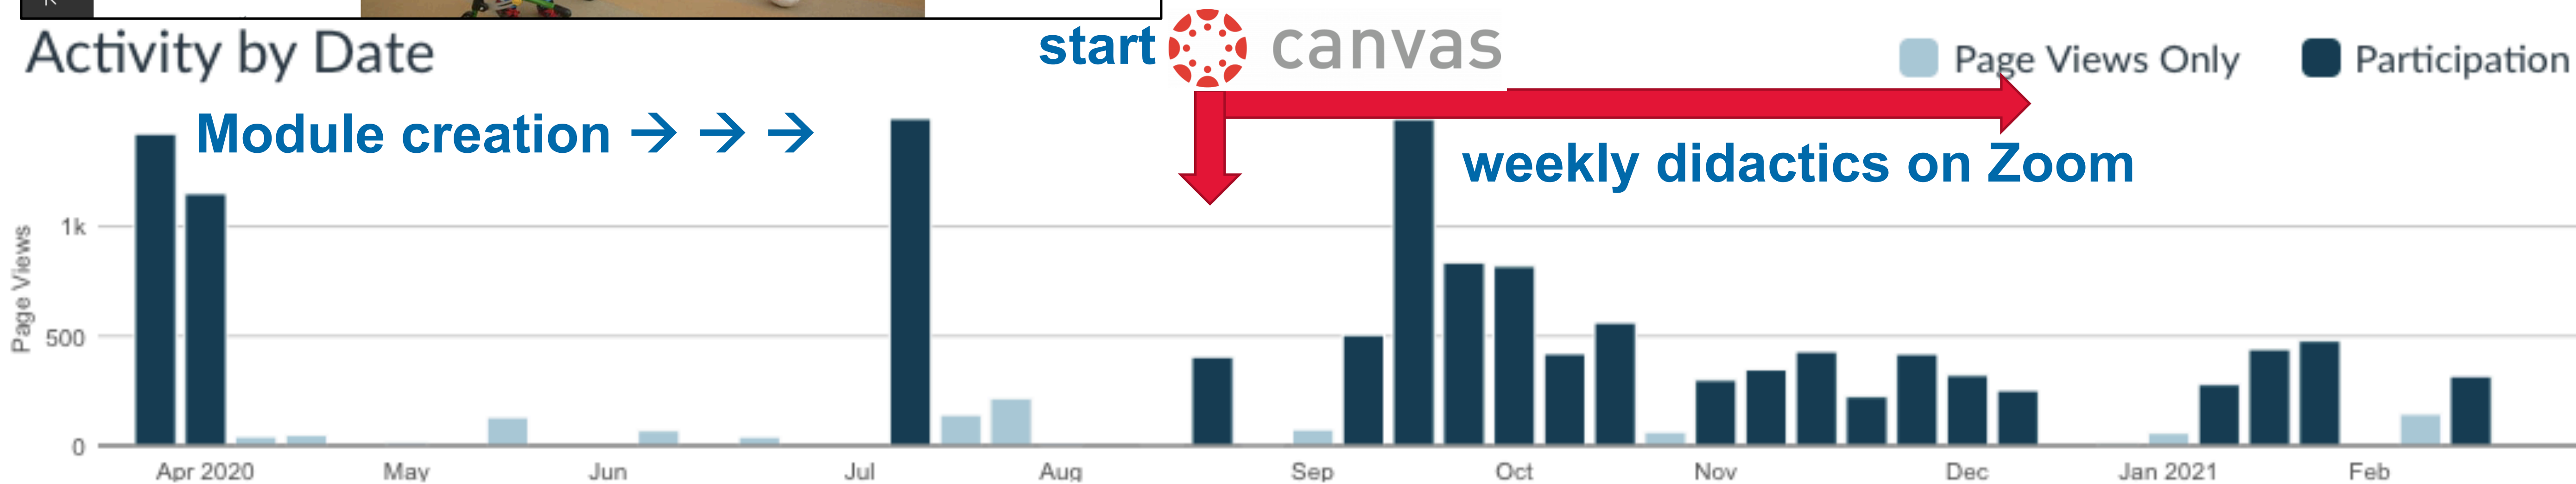

Developing Expertise

Gross Motor Function Classification Scale (GMFCS)

- GMFCS Expanded & Revised (E&R) overview from CanChild Website
 - Detailed GMFCS E&R descriptions by age
 - GMFCS E&R descriptors and illustrations
 - Age 6-12 and Ages 12-18 - pictures of each GMFCS descriptor by age
 - GMFCS Family & Self-report questionnaire - this can be used to determine GMFCS level
 - Video Overview of GMFCS Levels from CanChild:
