

AME Medical Education Symposium Presents:

Building a Web of Support to Promote Your Success as an Educational Scholar

**Jennifer Adams,
MD, FACP**

**Melver Anderson,
MD, MACP**

**Tai Lockspeiser,
MD**

Learning Objectives:

- Define the components of a comprehensive mentorship team
- Describe the benefits of a web of support to support your success as an educational scholar
- Define educational scholarship broadly and consider the type of mentorship one might need to build success in each domain
- Participate in mentor-mentee speed-dating to broaden exposure to the array of educational scholars across the Anschutz Medical Campus
