

International Students:

International Medical Students must find a faculty member who wishes to invite and sponsor them for an elective in their department. Once established, the faculty member must complete the Sponsor Agreement form. (The student can only participate in course work within the sponsors specialty, if accepted by the course director).

Students should be comparable to U.S. fourth year students (will have completed 48-weeks of clinical training in Internal Medicine, Surgery, Pediatrics, Obstetrics and Gynecology, Psychiatry and Neurology) and will be accorded the same experiences as a fourth year Colorado student.

Students must be in good standing at their home medical school and must provide a letter from their Dean stating this. They must also provide malpractice insurance in the amount of \$1,000,000/\$3,000,000, provide a passing score report on the USMLE Step 1 exam, as well as all other University of Colorado Visiting Student requirements.

Students from non-English speaking countries must supply a certificate of fluency in the English language (spoken and written) such as a TOEFL or the sponsor must know that the student is fluent in medical English. The faculty sponsor will be responsible for answering questions and providing required correspondence for VISA applications.

International students are required to pay a fee of \$4,000 per 4 week elective plus the \$150 application processing fees. Once accepted, students have two weeks to submit the payment made payable to University of Colorado School of Medicine. The fee is non-refundable.

International Medical Students will be allowed to participate in a maximum of one 4-week elective.

Electives that are available to International Students:

Course ID	Course Title	Department
ANES 8000	Clinical Anesthesiology	Anesthesiology
ANES 8001	Surgery Intensive Care AI	Anesthesiology
ANES 8002	Anesthesia Subspecialties	Anesthesiology
MEDS 8001	Medicine AI	Internal Medicine
MEDS 8002	Hospital Medicine AI	Internal Medicine
MEDS 8012	Clinical Rheumatology	Internal Medicine
NEUR 8000	Neurology Elective	Neurology
NSUR 8014	Advanced Neurosurgery	Neurosurgery
OPHT 8000	Ophthalmology	Ophthalmology
PEDS 8000	Pediatric AI	Pediatrics
PEDS 8004	Pediatric Cardiology	Pediatrics
PEDS 8005	Allergy and Immunology CHCO	Pediatrics
PEDS 8007	Child Abuse and Neglect	Pediatrics
PEDS 8008	Birth Defects/Genetics	Pediatrics
PEDS 8009	Peds Infectious Disease	Pediatrics
PEDS 8011	Pediatric Pulmonary	Pediatrics
PEDS 8012	Pediatric Neurology	Pediatrics
PEDS 8013	Pediatric Endocrinology	Pediatrics
PEDS 8015	Pediatric Neonatology AI	Pediatrics
PEDS 8018	General Academic Peds	Pediatrics
PEDS 8021	Peds Disability Medicine	Pediatrics
PEDS 8022	Peds Gastroenterology	Pediatrics
PEDS 8025	Peds Emergency Medicine	Pediatrics
PEDS 8026	Pediatric Nephrology	Pediatrics
PEDS 8027	Pediatric ICU Sub-I	Pediatrics
PEDS 8031	Pediatric Hematology/Oncology	Pediatrics
PEDS 8032	Pediatric Radiology	Pediatrics
SURG 8008	Cardiothoracic Surg Advanced	Surgery
SURG 8012	Urology AI	Surgery
SURG 8030	Transplant Surgery	Surgery
OTOL 8000	Clinical Otolaryngology	Otolaryngology
PEDS 8014	Pediatric Rheumatology	Pediatric
PEDS 8020	Adolescent Medicine	Pediatric
PEDS 8024	Child Development/Behavior	Pediatric

RADI 8000	Diagnostic Radiology	Radiology
RADI 8002	Nuclear Medicine	Radiology
RADI 8007	Interventional Radiology	Radiology
RADI 8600	Research in Radiology	Radiology
RAON 8005	Radiation Oncology	Radiation Oncology
SURG 8032	Vascular Surgery Acting Internship	Surgery
