

QI Spread Tip Sheet

Tips from Dr. Ethan Cumbler & the IHQSE

Find your Angle - It is not only results that are worth disseminating!

- Proving efficacy of a new QI intervention
- Methodology
- Baseline data – this can demonstrate a need for improvement even if the improvement project itself is not completed/ready to be published
- Participant perceptions – attitudes of individuals impacted by QI initiative
- Exploration of barriers
- Demonstration of a less common QI technique
- Commentary informed by your QI work

Dissemination Suggestions

Online:

- IHQSE website and social media (email to IHQSE@cuanschutz.edu)
- Your department/clinic's website and social media
- Blogs
- Methods dissemination via online database of QI projects

Local:

- Presentation to hospital counsel
- Grand Rounds
- Presentation to clinical leadership committee
- Presentation to hospital executives
- Presentation to Joint Commission
- Hospital/department quality and safety conference

Regional:

- Regional hospital consortium
- Regional society meeting poster, abstract, session, or workshop

National:

- National society conference poster, abstract, session, or workshop
- International conference poster, abstract, session, or workshop

Print:

- Results dissemination via article in peer-reviewed journal
- Non-peer reviewed publications
- See back page for a list of journals where IHQSE faculty and graduates have published!
