Strategic Planning – Driver Diagram

Vision

Example:

Be the very best _____,
to make _____ the very best
_____ in the nation.

Strategies (What to Do)

Create no more than
3-5 of these.

Tactics: (How to Do)

Come up with a list of the things you should be
working on for each strategy, to make progress in
the next 6-12 months

Specific Goals/SMART Objective, w/ Deadlines

***Don't worry
about specific
goals at this
point***

The diagram consists of three main columns: Vision, Strategies, and Tactics. The Vision column is a single large box on the left. The Strategies column contains three smaller boxes in the middle. The Tactics column contains three larger boxes on the right, each corresponding to a strategy box. Arrows point from each strategy box to the Vision box, indicating that the strategies are designed to achieve the vision. The Tactics boxes are intended for detailing the specific actions to be taken for each strategy.
