MOVING
AHEAD!

A Note From Colleen Conry: Our DFM Interim Chair

Happy Summer!

I am pleased to serve as the interim chair of the Department of Family Medicine until the arrival of our new chair, Dr. Myra Muramoto on October 1st.

Frank is taking some well-deserved time off but will also return in the fall to pursue his passion of integrated care. I anticipate that the next three months will be a stable period while we wait for Myra's arrival and figure out how we emerge from COVID.

Our budgets for our new academic year are set and will be shared as soon as we close the books on last year – we are comfortable that our clinical revenues will be adequate for the department and that our support from the SOM and University Hospital is stable.

We are recruiting for new clinicians – please let Venus know if you know anyone who is looking for a job! Many of us will be preparing for a return to the office; more to come as we approach September.

There is lots of work around research activities and the new Medical School curriculum is kicking off! New residents and behavioral health learners have arrived!

So, while stable, everyone is working really hard. Please take care of yourself and your family.

Family Medicine Residency

UNIVERSITY OF COLORADO **ANSCHUTZ MEDICAL CAMPUS**

Meet The New Residents!

The University of Colorado Family Medicine Residency proudly announces it's new incoming class of residents.

Meet The Residents

**Undergraduate Medical Education:
Congratulations Dr. Marc Sindler**

Dr. Marc Sindler recently received the Distinguished Physician High Plains Walking Stick

Award for his long-standing commitment to working with students and residents in rural family medicine.

He's a family physician with a private practice in Canon City. He has had a faculty appointment since 1985 and has taught at least one student every year for the past 10 years.

Professional Development Pro Tip!

Gear up for the return to campus!

Moving forward, the world of hybrid work is going to look and feel a lot different.

Employee Services compiled a collection of LinkedIn Learning courses focused on remote and hybrid work skills. Topics include time management, team communication, managing technology, productivity, and more.

Visit the LinkedIn Learning Blog where they feature new content every week like this one: [The New Rules of Work](#) or peruse the thousands of classes available for free via LinkedIn Learning through the [portal](#).

More Ways to Give Now

Payroll deduction - One-time gift - Planned giving. Showing your support for DFM is easy.
