DFM Clinicians Receive High Marks

Congratulations to our family medicine clinicians!

New metrics show that they are knocking it out of the park when it comes to quality patient care both in our clinics and in our in-patient service in the hospital.

UPDATES

AND OPPORTUNITIES

Clinical Call-Outs!

Patients are saying some nice things about our DFM clinicians.

Katherin Compton, DO, CU Family Medicine Landmark:

"Doc Compton is simply an outstanding provider. She looks more than at just the

symptoms, but the whole issue. In other words, she treats the whole problem to find the root cause as opposed to just treating systemically. I cannot praise her enough."

Diana Tidler, DO, Westminster Family Medicine:

"Everything and everyone is professional and I receive the best care of my life. Dr Tidler has always taken very good care of me and my family. She makes sure all my medications are doing what they are supposed to do. We honestly would never consider seeing someone else."
