NETWORKING

Family Medicine Resident Mentoring Program

For students interested in resident and/or faculty mentors, this is an informal program with the hope of being mutually beneficial to all parties involved. The goal is to help med students have a better understanding of family physicians and to help students succeed whether they decide family medicine is the right specialty for them or not.

We ask that mentors and mentees meet at least once a semester. Please fill out the quick form below so that we can best pair you with a good fit. **If you are interested, sign up here.**

For more information, questions, or concerns, please contact **Cleveland Piggott, MD.**

Interested in Sports Medicine?

The CU Family Medicine Department provides care at various sporting events throughout the year. We would love to have medical students and residents help cover the events and learn about Sports Medicine and Family Medicine. Check

back regularly as the list of events gets updated.
