## "Refugee Talk" with Dr. Ed Farrell

Thursday 6/13/2019

6:00pm-8:00pm

Denver Health Lowry Clinic

1001 Yosemite St, Denver, CO 80230

"Our last "refugee talk" of the academic year will feature Dr. Ed Farrell, the medical director of Stout Street Clinic and Colorado Coalition for the Homeless! He will be speaking to us about care for the homeless or a "domestic" refugee talk if you will. The title of his presentation will be "Journeying with the So-Called 'Difficult' Patient- a View from the Trenches."

Dr. Farrell is enthusiastic about his work and is excited to come speak to our residency about healthcare for the homeless, you won't want to miss what he has to share!

## NETWORKING

### Family Medicine Resident Mentoring Program

For students interested in resident and/or faculty mentors, this is an informal program with the hope of being mutually beneficial to all parties involved. The goal is to help med students have a better understanding of family physicians and to help students succeed whether they decide family medicine is the right specialty for them or not.

We ask that mentors and mentees meet at least once a semester. Please fill out the quick form below so that we can best pair you with a good fit. **If you are interested, sign up here.**

For more information, questions, or concerns, please contact **Cleveland Piggott, MD.**

## ARTICLE OF THE MONTH

### Academy Takes Aim at Maternal Mortality Crisis

At a time when maternal mortality rates are dropping worldwide, the

United States is an unfortunate outlier. According to the World Health Organization, maternal mortality declined more than 40%(www.who.int) worldwide from 1990 to 2015.
