The Department of Family Medicine is hosting a Lunch-N-Learn for current MS1 and MS2 students to learn about the Family Medicine MSA program! You'll hear from current students engaged in projects and about various opportunities, including the summer MSA program.

When: Wednesday 12/4/2019 12:00 -1:00 PM

Where: Ed 2 North, 2303

****Lunch Included! Please bring your own beverage****

[RSVP HERE](#)

NETWORKING

Family Medicine Resident Mentoring Program

For students interested in resident and/or faculty mentors, this is an informal program with the hope of being mutually beneficial to all parties involved. The goal is to help med students have a better understanding of family physicians and to help students succeed whether they decide family medicine is the right specialty for them or not.

We ask that mentors and mentees meet at least once a semester. Please fill out the quick form below so that we can best pair you with a good fit. **If you are interested, sign up here.**

Interested in Sports Medicine?

The CU Family Medicine Department provides care at various sporting events throughout the year. We would love to have medical students and residents help cover the events and learn about Sports Medicine and Family Medicine. Check

back regularly as the list of events gets updated.

Click [HERE](#) for more information, including dates/times/locations and sign up!

Interested in Family Medicine and Global Health?

Watch Lauren Bull, M.D., recent UCHFMR Grad(!!) discuss how she integrates family medicine & global health!

ARTICLE OF THE MONTH

The Feasibility of Screening for Social Determinants

If addressing patients' social needs sounds overwhelming, the results of this pilot project might surprise you. “Social determinants of health” (SDOH) has become an inescapable buzzword in family medicine...
