What’s new this week?

**Virtual Visits**
- Supports in place among all respondents shared to meet needs locally if a 92%
- 89% urban/suburban practices are testing on success you’ve experienced during COVID-19. We are overwhelmed by the response of people wanting to share their story. We are working to answer questions as a "best practices exchange" of information.

**Testing for Financial Impact**
- Among practices not affiliated with a hospital system or clinical network, 79% have enough guidance on consideration for reopening for supports in place. (N = 39)
- Department, administrative to answer questions at all levels.

**SNOCAP/Practice Innovation Program survey between May 1-11, 2020.**

- Additonal practice symptom criteria (N = 37).
- Unaffiliated practice:
  - Risk factors (N = 37)
  - Financial impact on practices
  - Testing and availability of testing

- Testing on symptom criteria and risk factors varies greatly based on urban, rural, and video-based patient visits.

- Data presented is not intended to be representative of what all urban or rural practices are facing state-wide.

**Across Department**
- Considering closing Furloughs and layoffs at all levels.
- Housing most pressing legal and/or social needs for patients:
  - 26% of respondents practice in patient medicine.

**Survey Result Periods**
- 38% receiving information elsewhere, unsure how to coordinate casework management in addition to virtual patient visits.

**Survey**
- Applications and/or receipt of loans available to department reduced.

**NOCAP**
- Applications and/or receipt of loans available to department reduced.

**Traveling with Patient**
