

January 12, 2021

FROM OUR DIRECTOR

Dear SNOCAP practice partners,

What a year 2020 was. It brought us so much to be thankful for, so much to learn and grow from, and a strong sense of where the gaps and needs are to ensure that everyone has the chance to realize health in the fullest sense. We've gained a renewed sense of ownership of the foundational work we do in Family Medicine. To all of our practices, providers, patients, community members, and other partners near and far, we want to say:

Happy Winter Holidays!

Happy New Year!

and most importantly: THANK YOU!

We look forward to what comes next in our partnerships, and hope you'll continue to reach out to us with any needs you may have.

Today, we open up our 10th COVID-19 response survey for practices. **Please click on the blue button below to begin.**

After taking a couple of months off, we have heard the call that our practices still need help with the ongoings of COVID-19, but also want to know where things are at from a vaccination standpoint. Practices: please take a few moments to fill out this new SNOCAP COVID-19 response survey. We have shortened it to only the most necessary questions, and welcome your honest responses.

Also below, you can **click on the yellow button** to see all past survey reports from our first nine COVID-19 response surveys.

Until we are in touch again, we hope you are staying healthy and well!

- Don

Happy New Year and Winter Holidays from your SNOCAP team!

Happy New Year from SNOCAP, your Colorado Practice-Based Research Network Consortium! We're so glad to continue to partner with you all, and applaud you for all you did for your patients, practices, and communities in 2020. We look forward to continued and deepening partnership in this new year!

MONTHLY MEETING

SNOCAP Monthly Meetings are a way to connect with practices and providers across the state. We use this opportunity to showcase current and upcoming work, as well as to discuss potential work and partnerships with other researchers.

**NEXT SNOCAP MONTHLY MEETING:
TUESDAY, FEBRUARY 2ND, 2021
12:00-1:30PM**
