EDUCATION MONTHLY NEWSBLAST

A NEWSLETTER FROM THE DEPARTMENT OF PSYCHIATRY'S
OFFICE OF EDUCATION AND TRAINING

PsychTherapy Now Available:

- Beginning January 3rd, 2022 we started 90-day trial access to APA PsychTherapy through the Health Science Library (HSL).
- PsychTherapy is a compilation of psychotherapy training videos meant to be used as an educational resource for clinical training.
- If you are able, please try out this resource during the period of January-April 2022, use it as much as possible, and notify other individuals across the Anschutz Medical Campus who may have an interest in this resource. The HSL has put APA PsychTherapy in their budget for next year, but it is not yet approved—hence the trial period.
- To access, please go to our [website](#) for further instructions and notes.

Trainee Funds:

- Currently, travel for all faculty and staff at CU is permitted with prior approval. The trainee funds can also be used for registration, even if the conference is held virtually. Travel requests need to be made in Concur and approval must be obtained. JIRA can help with this. For more information, please visit our website or submit a JIRA request form using the link below.
