Modern Human Anatomy Program
UNIVERSITY OF COLORADO **ANSCHUTZ MEDICAL CAMPUS**

ANAT 6950, CAPSTONE PROJECT REGISTRATION REQUEST FORM

Instructions:

1. Obtain the signatures from your project mentor and your faculty academic advisor.
2. Submit signed form to the MSMHA Program Administrator for further processing.
3. Once all signatures are secured, the MSMHA Program Administrator will email the student a permission number in order to register for the course.
4. The student is then responsible for signing up for the class prior to the posted add/drop deadline.
5. The original form will be placed in the student's file.

It is the student's responsibility to make the request for capstone project registration prior to the start of the semester. As several signatures are required in order for enrollment to be approved, it is highly recommended that this process be started early in the registration period.

<p style="text-align:center;color:red;font-weight:bold;">Please print or type</p>
