# WELCOME

We are very excited to have you consider the opportunity to practice in an organization that strives to provide high-quality care with compassion and respect!

White Plains Hospital Physician Associates, the ambulatory division of White Plains Hospital, has been serving the community since 2011. We are a physician-friendly practice with a patient-centered model of care. Today, the Hospital has over 1,400 providers including nurse practitioners, physician assistants, diabetes educators and dietitians. We offer our patients access to over 40 medical specialties.

Our physicians and staff are dedicated to responding to the individual needs of our patients and their families for the ultimate patient experience. I hope you consider joining our team and continuing our tradition of delivering top-notch care to our community.

Come grow with us! We offer competitive salaries and a world-class benefits package, including 403(b) plans, allowances for CMEs and dues, tuition assistance, medical/dental/vision, FSA, wellness programs and more. We are conveniently located only 20 miles north of NYC, offering the best in suburban family life and excellent school systems with easy access to Manhattan.

I encourage you to reach out to our physician recruiter, JoAnne Carrier, should you have any questions. She may be reached at 914.681.2612 or via email at [jcarrier@wphospital.org](mailto:jcarrier@wphospital.org).

## General Information

White Plains Hospital Physician Associates (WPHPA) is a division of White Plains Hospital – a leading healthcare provider in Westchester County and home to many renowned programs and services. The Hospital, a member of Montefiore Health System, offers advanced technology and specialty care along with an exceptional patient experience, close to home.

## Our Mission

WPHPA was developed with the intent of aligning local practicing physicians with Hospital services. As a result, our patients can benefit from greater access to an expanding breadth of outpatient specialty services.

By enabling physicians and the Hospital to work more closely than ever before, we ensure the best possible outcome for each individual patient by sharing information more directly, promoting growth, utilizing resources efficiently and effectively, and developing quality care to its fullest potential.

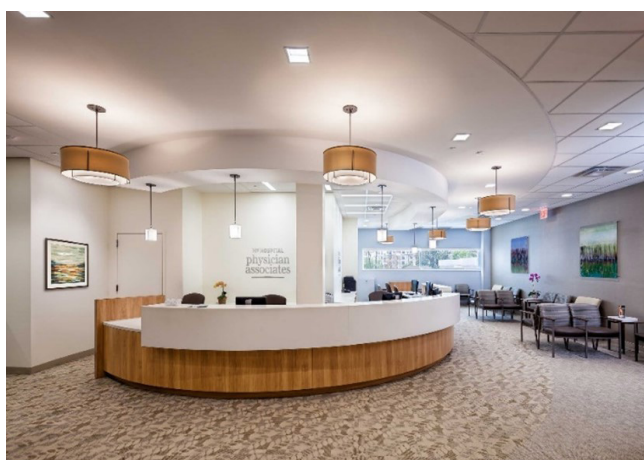

It's just one example of the Hospital's mission of extending its services beyond inpatient and outpatient care to improve the overall health of our entire community.
