Physician Training License (TL) License Application Checklist

This is a simplified checklist of what you need to submit with an application. Please do not begin your application until you have met licensure requirements as detailed in the laws and rules of your profession. An incomplete application will cause a delay in processing.

All applicants must:

- Submit payment of the required application fee. All fees are non-refundable and non-transferable.
- Upload [name change documentation](#), if applicable.
- Provide information regarding other healthcare licenses you may have held.
- Upload another state physician license, if applicable.
- Provide the completed [Physician Training Program Form](#).
 - This form may be provided directly by the training program or uploaded in the application.
- Answer general and [criminal history](#) screening questions and upload supporting documentation.
- Complete the Healthcare Professions Profile, including uploading supporting documentation.

This application is NOT required if an applicant:

- Holds a current, full, and active Colorado medical license.
- If completing a Colorado training rotation in an approved internship, residency, or fellowship that will last for no more than 60 days.
- If doing a rural rotation in conjunction with a non-Colorado training program and will be in the rotation for no more than 60 days.

State guidelines mandate that all applications expire one year from the date of submission. Failure to provide all required documents will result in your application expiring and will require you to file a new application with all newly submitted documents and a new fee.
