**NY – Southwest New York Traditional Opportunity with \$50k sign-on bonus  
Combination of Outpatient and Inpatient**

**\*\*J1 and H1b visas\*\***

We would like to introduce you to an exceptional opportunity to practice Primary Care (Internal Medicine) in Western New York. Join this group of Board Certified providers and physician extenders offering care for the residents of several beautiful lakefront communities situated on the shores of Lake Erie.

This practice, located in two locations provides the opportunity to be the consummate physician and practice the wide variety of medicine for which you were trained. Primary care providers have support of several specialty providers who practice in the office including podiatry, infectious disease, GI trained-proceduralist and Hem/Onc.

In addition to providing Primary Care Services at this site, they also offer exercise stress testing, nuclear medicine testing, echocardiography, vascular and general ultrasound, bone densitometry and an extensive array of non-invasive cardiovascular services including Holter and Event Monitoring and a pacemaker/AICD device clinic. We pride ourselves in being able to provide full service for all patients including office procedures such as joint injection and aspiration as well as minor surgical and dermatological procedures.

- J1 and H1B Sponsorship
- \$50,000 sign on bonus
- On-call schedule of one in four hospitalist shifts
- Academic practice with residents and students
- Full benefits package including:
  - health insurance, malpractice, full medical and dental coverage
- 401K Plan and Profit Sharing
- Paid Time Off / CME

Western New York is a wonderful place to live and practice medicine. This area has a college community, which enjoys the presence of Fredonia State University. It is situated less than an hour away from Erie, Pennsylvania and Buffalo, New York. Pittsburgh and Toronto are approximately 2.5 hours away. Fredonia is near the renowned Chautauqua Institute, a major cultural center for the arts and music in Southwestern New York. The numerous amenities of Lake Erie encompass miles of beautiful beaches and offers the perfect setting for boating, water skiing, wind surfing, sailing and fishing. There is an abundance of public and private golf courses, Alpine and Nordic skiing, hiking, fly fishing and proximity to the philharmonic orchestras, ballet/dance companies, civic centers, fitness facilities and professional baseball, football and ice hockey. The Fredonia School District is one of the best in Western New York.

#### **PA – Multiple opportunities near Pittsburgh**

**\*\*Can sponsor H1b visas\*\***

Are you looking to play an integral role in the health of your patients? Would you like resources and world-class support at your fingertips to put the right care in place for your patients at the right time, every time? This health system is seeking Primary Care Physicians to be placed throughout Western and West Central Pennsylvania.

Whether you are looking for an ambulatory practice or a mix of inpatient/outpatient work in Internal Medicine, you will be compensated with a base salary with the opportunity to earn additional incentives. You can maximize your annual income with a Shared Savings Plan based on quality metrics, an APP Utilization Program, and an annual wellness visit payout. The group encourages a healthy work-life balance by offering remote work with support for physicians to provide virtual visits for their patients.

Are you a new Primary Care Physician graduate? We understand that the step from residency to working in a practice can be overwhelming. You will be supported by a practice-based lead physician who will help mentor and guide you to success.

#### **Benefits:**

More than just competitive pay and benefits, the hospital's Total Rewards package cares for you in all areas of life: professional, personal, financial, and more.

Not-for-profit, acute care facility located in southern MO. The hospital serves more than 45,000 area residents throughout neighboring counties in south central Missouri.

four-bed ICU and an obstetrical unit complete with three LDRP rooms and two postpartum rooms. EMR, PACS, centralized fetal monitoring, in-house MRI, CT, 3D digital mammography and sleep lab are just a few of the technological advantages they offer. Medical staff includes physicians who specialize in emergency medicine, internal medicine, family medicine, pediatrics, obstetrics & gynecology, general surgery, pulmonology and pain management. They also employ advanced practitioners who work in tandem with the physicians to provide patient care.

This hospital is progressive in their strategic goals and they collaborate with providers to ensure they are key stakeholders in the decision making of the organization. They compensate their physicians very well through a bottom line based compensation plan that offers a lucrative bonus structure. The physicians here are among the top earners in their field. Performing hospital procedures is an optional source of additional compensation.

### **The Community**

Nestled within the heart of the Ozarks in South Central Missouri and surrounded by the Mark Twain National Forest, the community offers warm hospitality, beautiful natural scenery and proud history that has laid the foundation for an exciting future. The city has all the amenities of a bigger city with the small-town feel of rural America.

Streets are lined with beautiful historic houses and newly built single-family homes ready for you and your family to make your home. The downtown is home to several small boutique stores and spas where you can take a day and pamper yourself. Outdoor opportunities are plenty with access to amazing kayaking, canoeing, and fishing on the Piney River, and with Montauk State Park only 30 minutes away with some of the best trout fishing in the State of Missouri there are endless experiences you can enjoy.

### **MA – Southeast Massachusetts, convenient to Providence, RI and Boston**

This hospital is recruiting a primary care physician to join an established multispecialty group in southeastern Massachusetts to assume the practice of a physician who is retiring.

Training in Family Medicine or Internal Medicine (Board-certified or –eligible) is required, and the age range of patients can be determined by the provider. MD or DO training, but this opportunity is not able to sponsor visas at this time. A recent graduate would be considered, but primary care experience would be a plus.

The hospital uses eClinicalWorks as the EMR and they leverage technology for optimal communication, efficiency, and productivity. The patients are admitted to their own Hospitalist team and specialists are readily-available. Night, weekend, and holiday is covered by experienced Nurse Practitioners. Lab, X-ray, and a Walk-in Clinic are available at one of the locations.

This is a 120-physician multispecialty group with 160 providers, including a strong Primary Care base. It is physician-owned and managed, and is an affiliate of a respected health Care Network. The administration has absolute respect for individual practice styles, while insisting on the highest quality of personalized care throughout the group. Practice logistics, including billing, collections, and insurance company contracting are centralized within the group and lab, imaging, specialty consultants, and other supporting services are readily available.

Salary is competitive, and medical/dental coverage, a retirement plan, a CME allowance, and moving expenses are provided. An opportunity for bonuses and partnership in exist with minimal buy-in.

The area is a lovely with various living environments and excellent schools. Providence is only 20 minutes, Boston only 1 hour, and Cape Cod less than an hour away.

To learn more contact Courtney Tripp at 248.270.8682. For immediate consideration forward your current CV to [Ctrippp@preferredmedpartners.com](mailto:Ctrippp@preferredmedpartners.com) . Not the right position for you? Please forward this position to your colleagues who might be interested.

### **SC – Outpatient Opportunity on the South Carolina Coast**

- Permanent, full-time opportunity
- Looking to add several Primary Care providers to the network due to increasing demand as well as a new location opening.
- Interviewing Family Medicine and Internal Medicine candidates. There is a pediatrics group in the area so the locations do not see a lot of pediatrics. Must be comfortable working with NP's and PA's.
- APP supervision is not required by South Carolina but is encouraged by the hospital. Those physicians willing to supervise will review 10% of charts and be compensated an additional \$8,000-\$10,000 per year.

- 4.5 days clinic time with .5 day admin per week
- Outpatient only – no inpatient call
- Patients are directed to the ED for afterhours emergencies. There are private practice urgent cares in the community, if needed.
- Daily patient volume is 25+
- 30 minutes for new patients. 15-minute follow-ups
- Providers seeing 28+ patients per day can utilize an additional nurse or scribe
- Mainly adolescent, adult and geriatric medicine. Pediatrics usually goes to the peds groups
- Base salary plus wRVU bonuses
- Contract length: 3 years
- 22 days PTO
- EMR: Cerner. Dragon dictation
- Signing bonus, relocation stipend, 5 days CME (\$3,000 CME), student loan repayment (if applicable based on amount).

401K with match, paid malpractice with tail coverage, medical, dental, vision, cancer, accident, critical care and recovery insurance. Short and long-term disability, life insurance.

To learn more contact Courtney Tripp at 248.270.8682. For immediate consideration forward your current CV to [Ctrippp@preferredmedpartners.com](mailto:Ctrippp@preferredmedpartners.com) . Not the right position for you? Please forward this position to your colleagues who might be interested.

### **MN – Outpatient Opportunity in Western Minnesota, near the ND border**

\*\* Can sponsor J1 and H1b\*\*

- 100% outpatient work, without inpatient consults (IM hospitalist coverage 24/7)
- Monday- Friday with phone on-call only & during business hours
- Limited nursing home coverage
- Can sponsor J1 and H1b visas
- Work a 4-5 day workweek with flexible patient scheduling and autonomous work environment
