

UCSF Fresno Internal Medicine

UCSF Fresno and CCFMG are recruiting outpatient primary care internal medicine specialists to join our teaching faculty. The successful candidate will see patients in an outpatient only practice with shared call (phone) and an ambulatory setting in both a teaching and non-teaching environment. Each physician holds a faculty appointment from University of California, San Francisco at UCSF Fresno.

Located in the heart of California, Fresno County is diverse in its natural beauty and recreational opportunities. Fresno County is close to three national parks and other wilderness areas. From the cultural diversity displayed in museums, restaurants, and festivals, to recreational opportunities in the region's numerous lakes, rivers, foothills and mountains – Fresno County has it all.
