

COVID-19 Vaccine Distribution Planning

MICHELLE A. BARRON, MD

PROFESSOR OF MEDICINE
DIVISION OF INFECTIOUS DISEASES,
UNIVERSITY OF COLORADO SOM

UCHEALTH, SENIOR MEDICAL DIRECTOR,
INFECTION PREVENTION AND CONTROL

Early Phase I Timeline: Winter 2021

Talking: Diana Herrero

COVID-19 VACCINE DISTRIBUTION

Talking: Diana Herrero

PHASE 1

Winter

1A

Highest-risk health care workers and individuals:

- People who have direct contact with COVID-19 patients for 15 minutes or more over a 24-hour period.
- Long-term care facility staff and residents.

1B

Moderate-risk health care workers and responders:

- Health care workers with less direct contact with COVID-19 patients.
- Workers in home health/hospice and dental settings.
- EMS, firefighters, police, correctional workers, dispatchers, funeral services, other first responders, and COVID-19 response personnel.

PHASE 2

Spring

2

Higher-risk individuals and essential workers:

- People age 65 or older.
- People of any age with obesity, diabetes, chronic lung disease, significant heart disease, chronic kidney disease, cancer, or are immunocompromised.
- People who interact directly with the public at work, such as grocery store workers and school staff.
- People who work in high density settings like farms and meat-packing plants.
- Workers serving people that live in high-density settings.
- Other health care workers not covered in Phase 1.
- Adults who received a placebo during a COVID-19 vaccine clinical trial.

PHASE 3

Summer

3

The general public:

- Anyone age 18-64 without high risk conditions.

*Timeline subject to change based on supply chain. Prioritization subject to change based on data, science, availability.

COVID-19 Vaccine Distribution

- These categories could change based on ACIP recommendations or based on safety data for new populations that may allow them to be added to phases.
- Phase 1a: Anyone with prolonged contact with potential COVID-19 patients.
 - HCW includes providers, nurses, ancillary services, EVS, FNS, etc.
 - Not limited to in-patient and should include urgent care ambulatory, ED, etc.
 - CDPHE has long-term pharmacy agreements with Walgreens and CVS. They will be responsible for on-site vaccination of SNFs and LTCFs. Logistics of how this is going to happen will be forthcoming to CDPHE soon.
- Phase 1B: Individuals with less direct care of COVID-19 than Phase 1a.
 - Hospital staff working in-patient non-COVID-19 units or out-patient settings.
 - EMS, correctional workers, fire, funeral services, dispatchers, etc. including those doing COVID-19 testing.
- Phase 2: Age >65 years, Essential workers (teachers, grocery stores, etc.) or work or serve in high density settings (e.g. meat packing plants), or under conditions that put individuals at higher risk for exposure

COVID-19 Vaccine Locations

Phase I: Pfizer Week 1-Distribution

Talking: Diana Herrero

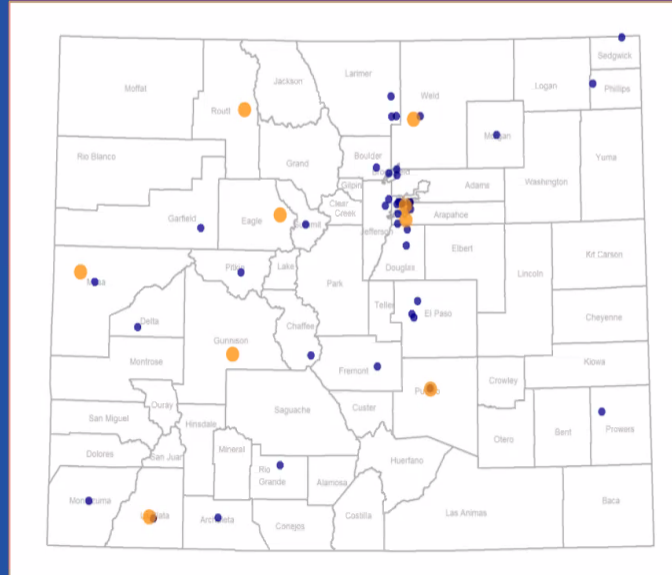

Week of December 14th-1st shipment of Pfizer vaccine: 46,800. They will be distributed to the following locations:

● Distribution Centers

Location where Pfizer vaccine will be stored at ultra low temps before going to providers around the state.

○ Providers

Location that will administer the vaccine.

UCHealth Locations

- Yampa Valley Medical Center
- Greeley Medical Center
- Poudre Valley Medical Center
- University of Colorado Hospital
- Memorial Hospital

To view details locations and allocation: covid19.colorado.gov/vaccine-for-coloradans

UCHealth COVID-19 Vaccine Process

- Phases of distribution will follow CDPHE guidelines
- Individuals in each phase will receive message in My Health Connection (MHC) to schedule their first and second vaccine clinic dates
 - All staff, providers, contractors and residents that work at UCHealth will be included
- Information regarding location of the vaccine administration site along with information regarding potential side effects will be sent via MHC portal after scheduling the appointment
- Designated vaccine administration sites will be set up on specific dates to accommodate as many people as feasible based on the vaccine supply received

<https://www.cdc.gov/coronavirus/2019-ncov/vaccines/safety/vsafe.html>

- Smartphone-based tool that uses text messaging and web surveys to provide personalized health check-ins after you receive a COVID-19 vaccination.
- Through **v-safe**, you can quickly tell CDC if you have any side effects after getting the COVID-19 vaccine.
- Depending on your answers, someone from CDC may call to check on you and get more information.
- And **v-safe** will remind you to get your second COVID-19 vaccine dose if you need one.

Denver Health COVID-19 Vaccine Administration

December 10, 2020

DENVER HEALTH™
— est. 1860 —
FOR LIFE'S JOURNEY

Overview

- ❑ Initial prioritization of vaccine
- ❑ Vaccine administration at Denver Health

State Vaccine Supplies and Needs

- Based on Population – Colorado will receive 1.69% of the available national supply
- The initial shipments will all be Pfizer vaccine
- For the first shipment the state will receive 46,800 doses between December 11th and 14th
- There are 331,500 people in the initial priority group of Health Care Personnel and residents and staff of Long-Term Care Facilities

CDPHE Prioritization

COVID-19 vaccine distribution table

Phases	Eligibility
Phase 1A - Winter	Highest-risk health care workers and individuals: <ul style="list-style-type: none"> • People who have direct contact with COVID-19 patients for 15 minutes or more over a 24-hour period. • Long-term care facility staff and residents.
Phase 1B - Winter	Moderate-risk health care workers and responders: <ul style="list-style-type: none"> • Health care workers with less direct contact with COVID-19 patients. • Workers in home health/hospice and dental settings. • EMS, firefighters, police, correctional workers, dispatchers, funeral services, other first responders, and COVID-19 response personnel.
Phase 2 - Spring	Higher-risk individuals and essential workers: <ul style="list-style-type: none"> • People age 65 or older. • People of any age with obesity, diabetes, chronic lung disease, significant heart disease, chronic kidney disease, cancer, or are immunocompromised. • People who interact directly with the public at work, such as grocery store workers and school and child care staff. • People who work in high density settings like farms and meat-packing plants. • Workers serving people that live in high-density settings. • Health care workers not included in Phase 1. • Adults who received a placebo during a COVID-19 vaccine clinical trial.
Phase 3 - Summer	General public: <ul style="list-style-type: none"> • Anyone age 18-64 without high risk conditions.

*Timeline subject to change based on supply chain. Prioritization subject to change based on data, science, availability.

Denver Health Vaccination Plans

Vaccine prioritization will follow Federal/State guidance.

- Initial delivery expect latter part of December
- ~2000 doses of vaccine expected next week
- Pfizer vaccine expected first, followed by Moderna
- Vaccination will NOT be required

The pre-vaccination form is essential for gauging interest and initial planning (next slide)

Denver Health Pre-Vaccination Form

COVID-19 Vaccination Pre-Registration Form for Denver Health Employees

Patient-facing frontline workers and support staff in the inpatient and outpatient settings have top priority for the COVID-19 vaccine as per CDPHE and the CDC; Denver Health is excited to begin offering this vaccine to our staff in compliance with prioritization guidelines. We are continuing to work closely with public health officials to support our employee body. Additionally, we are prioritizing cross-collaboration with Denver-area health care organizations to protect our community.

<p>For identity verification, please enter the last four digits of your social security number:</p> <p>* must provide value</p>	<input type="text"/>
<p>First Name</p>	<input type="text" value="Jane"/>
<p>Middle Name</p>	<input type="text"/>
<p>Last Name</p>	<input type="text" value="Doe"/>
<p>Date of birth</p>	<input type="text"/>
<p>Phone number</p> <p>* must provide value</p>	<input type="text"/>

<p>Please indicate the most frequent work environment you have as part of your employment at Denver Health:</p> <p>* must provide value</p>	<p><input type="radio"/> Face-to-face patient contact</p> <p><input type="radio"/> Handling of patient specimens</p> <p><input type="radio"/> Clean or work in patient care areas</p> <p><input type="radio"/> No contact as a part of my employment</p> <p>reset</p>
<p>Where do you work? (select all that apply)</p> <p>* must provide value</p>	<p><input type="checkbox"/> Inpatient (pav A, B, C, or M)</p> <p><input type="checkbox"/> Emergency Department or Urgent Care</p> <p><input type="checkbox"/> Outpatient clinics</p> <p><input type="checkbox"/> Home healthcare</p> <p><input type="checkbox"/> Emergency medical services</p> <p><input type="checkbox"/> Correctional care</p> <p><input type="checkbox"/> Administrative building</p> <p><input type="checkbox"/> Work From Home</p> <p><input type="checkbox"/> Other</p>

Does NOT need to be your DH contact information.

REDCap Vaccine Pre-Registration Form

Receiving the COVID-19 vaccination is a personal choice. Your selection to the question below will not be used against you OR to prioritize when you receive the vaccine.

Please select your vaccine preference:

* must provide value

- ☐ I want the COVID-19 Vaccine as soon as possible
- ☐ I haven't decided if I want the COVID-19 Vaccine
- ☐ I will not be getting a COVID-19 Vaccine

[reset](#)

If at any point you change your mind, please reach out to covid_vaccine@dhha.org to resubmit the form.

Thank you for completing the COVID-19 Vaccination Pre-Registration Form for Denver Health Employees. Unless you indicated that you will NOT be receiving a COVID-19 vaccine, we will reach out to you within the next four weeks.

If you indicate that you're interested OR undecided about the vaccine, AND you fit the current CDC priority guidelines, we will reach out to you through MyChart. If you do NOT have a MyChart account, you will receive an email prompting you to create one. Failure to create your MyChart account could potentially result in missing your COVID-19 vaccination notice.
