

Do you have relapsing multiple sclerosis?

BEAT-MS may be an option for you.

VOLUNTEERS NEEDED

The BEAT-MS study is a clinical study for patients with relapsing multiple sclerosis.

You may be eligible to participate in the **BEAT-MS** Study if you:

- Are age 18 to 55
- Have been diagnosed with relapsing MS
- Have had incomplete benefit (continued relapses or active MRI) while taking prescription medicine for MS within the last 2 years

For more information, contact your local BEAT-MS clinical study site:

University of Colorado Neurology
303-724-4644
NeurologyResearchPartners@ucdenver.edu

BEAT-MS is being conducted by the Immune Tolerance Network (ITN) and sponsored by the National Institute of Allergy and Infectious Diseases (NIAID) (NIH funded)
