

CU REproduction (CURE) Review Panel 2021

Next Submission Deadline: November 29, 2021

Please note: this deadline is absolute, no late submission will be accepted

- Review panel consisting of 5 members from Division of Reproductive Sciences, Dept OB/GYN and Division of Neonatology, Department of Pediatrics + a number of *ad hoc* members from the campus and across the US.
- Will review grant proposals (any grant mechanism) to be submitted to major funding agencies (NIH, ADA, AHA, DOD, ACS, USDA, MOD etcetera) in reproduction and perinatology (broadly defined), submitted by investigators at the Department of OB/GYN and Division of Neonatology, Department of Pediatrics at CU-AMC.
- Please ascertain that your submitted proposals comply with the instructions. Submissions will be pre-screened and if minimum requirements are not met, the proposal will be returned to the applicant.
- Each grant will be assessed by a minimum 3 scientific reviewers.
- Applicant will receive individual reviewers' comments and a Summary Statement. In contrast to the NIH Summary statement, reviewers will (if possible) suggest possible remedies for identified weaknesses.
