BILLING INFORMATION FOR PATIENTS OUTSIDE THE UNIVERSITY OF COLORADO HOSPITAL

The CY 2018 OPPTS/ASC final rule (82 FR 52533-52540) introduced a new exception to current laboratory DOS regulations at 42 CFR 414.510. The new exception permits independent laboratories to bill Medicare directly for molecular pathology tests (CPT codes 81105-81479), which are excluded from the OPPTS packaging policy, if the specimen was collected from a hospital outpatient encounter. Payers following this rule include: Medicare, Medicare HMOs, VA and United Healthcare. No such rule has been implemented for specimens collected from hospital inpatients.
