November 4th 12:30pm

Lilly Surgical Lectureship
Pediatric Oncofertility: Current Practice and Future Considerations
(Zoom Link: https://zoom.us/j/293160798)

Review of current pediatric oncofertility initiatives and discussion of future fertility preservation research opportunities.

Kristine S. Corkum, MD
Assistant Professor of Surgery
Division of Pediatric Surgery
University of Colorado School of Medicine

November 11th 12:30 pm

Frankenburg Lectureship
Opportunities to Promote Early Child Development
(Zoom Link: https://zoom.us/j/293160798)

This presentation will describe the importance of both genetic and early childhood environmental influences on school readiness and life course trajectories; define a life course perspective and its implications for maternal and child health; and identify evidence-based strategies that can improve a child’s school readiness and life course as opportunities for pediatric practice and advocacy

Pamela C High MD
Professor of Pediatrics
W. Alpert Medical School of Brown University
Hasbro Children’s Hospital
Providence, RI
November 18th
12:30 pm

**Lubchenco Lectureship**

**QI in Follow-Up and Follow-Through: Opportunities and Imperatives**
(Zoom Link: [https://zoom.us/j/293160798](https://zoom.us/j/293160798))

This presentation will review the multiple opportunities for identifying challenges in high risk infant follow up, re-envisioning as a broader and family-focused approach, and deploying QI approaches.

*Susan R. Hintz, MD, MS*
Robert L. Hess Family Professor of Neonatal and Developmental Medicine
Medical Director, CPQCC - CCS High Risk Infant Follow-up Program
Stanford University School of Medicine
Director, The Fetal and Pregnancy Health Program
Lucile Packard Children’s Hospital Stanford
