

Andrew C. Smith, PT, DPT, PhD
University of Colorado School of Medicine
Department of Physical Medicine and Rehabilitation
Physical Therapy Program
Mailstop C244, 13121 East 17th Avenue, Aurora, CO 80045
Doctor of Physical Therapy Program, University of Colorado, Anschutz Medical Campus
303-724-0781 | andrew.c2.smith@cuanschutz.edu

Education:

Northwestern University, Chicago & Evanston, IL	Doctor of Philosophy, Neuroscience Specialization: Human Movement and Rehabilitation Sciences	2012 - 2016
Northwestern University	Searle Center Teaching Certificate	2015
University of Washington, Seattle, WA	Doctor of Physical Therapy	2005 – 2008
University of Washington, Seattle, WA	Bachelor of Arts. Major: Psychology	2001 - 2005

Licensure Information:

Colorado #PTL.00014215

Employment and Positions Held:

2023 – present	Associate Professor, University of Colorado School of Medicine PM&R, Anschutz Medical Campus, Aurora, CO
2020 – 2023	Assistant Professor, University of Colorado School of Medicine PM&R, Anschutz Medical Campus, Aurora, CO
2016 – 2020	Assistant Professor, Regis University School of Physical Therapy, Denver, CO
2013 – 2016	PhD thesis work, Neuromuscular Imaging and Research Laboratory, Northwestern University Physical Therapy and Human Movement Sciences department, Chicago, IL
2012 – 2016	Per Diem Physical Therapist, Rehabilitation Institute of Chicago, Chicago, IL
2012 – 2013	Systems Neuroscience Laboratory rotations, Northwestern University Physical Therapy and Human Movement Sciences department, Chicago, IL
2010 – 2012	Research Physical Therapist, Rehabilitation Institute of Chicago, Sensory Motor Performance Program, Chicago, IL

- 2011 – 2012 Clinical Physical Therapist, Rehabilitation Institute of Chicago, Inpatient Spinal Cord Injury Unity, Chicago, IL
- 2009 – 2010 Outpatient Physical Therapist, Harborview Medical Center, Seattle, WA
- 2009 Staff Physical Therapist, Infinity Rehab, Seattle Keiro and Washington Care Center, Seattle, WA
- 2008 – 2009 Lead Physical Therapist, Infinity Rehab, Sullivan Park Care Center, Spokane, WA
- 2005 – 2007 Part-time Staff member, Underserved Youth Outreach, Beacon Hill Young Life, Seattle WA

Teaching Experience:

- 2023 – present Associate Professor, University of Colorado Physical Therapy Program - Neuroscience
- 2020 – 2023 Assistant Professor, University of Colorado Physical Therapy Program - Neuroscience
- 2016 – 2020 Assistant Professor, Regis University School of Physical Therapy – Neuroscience, Gross Anatomy, Evidence-Based Practice, Kinesiology, and Problem-Based Learning courses
- 2014 – 2016 Instructor and Lecturer, Northwestern University Doctor of Physical Therapy Program Neuroscience courses
- 2014 – 2016 Instructor, Northwestern University Doctor of Physical Therapy Program Doctoral Student Research Synthesis course
- 2014 – 2015 Northwestern University Searle Teaching Certificate Program – this highly competitive program combines seminars, workshops, mentoring, and discipline-specific discussions to prepare participants for future academic teaching responsibilities
- 2009 – present Non-primary Clinical Instructor for Physical Therapy students. Infinity Rehab in Seattle Washington, Harborview Medical Center, University of Washington, and Rehabilitation Institute of Chicago.
- 2013, 2014, 2015 Teaching Assistant, Neuroscience I & II, Northwestern University Doctor of Physical Therapy students.
- 2005 Teaching Assistant for undergraduate level Research Methods in Psychology Course. University of Washington.

Presentations (Platform, Grand Rounds, Invited Lectures):

1. Smith AC. Northwestern University Interdepartmental Neuroscience Program, Movement and Rehabilitation Science Track. PhD Trainee Chalk Talk. (12/5/23).
2. Draganich C, Anderson D, Dornan G, Sevigny M, Berliner J, Charlifue S, Welch A, Smith AC. Academy of Spinal Cord Injury Professionals, San Diego, CA USA 2023. Title of talk: “Predictive modeling of ambulatory outcomes after spinal cord injury using machine learning” (9/4/23).
3. Berliner JC, Smith AC. Spinal Cord Injury Model Systems Project Directors Meeting, Washington DC, USA 2023. Title of talk: “Predicting outdoor walking one year after SCI: 2 separate CPRs.” (6/26/23).
4. Thornton WA, Tefertiller C, Cezat KM, Hobbs S, Smith AC. APTA Combined Sections Meeting Academy of Neurologic Physical Therapy Educational Session. San Diego, CA USA 2023. Title of session: “Can physical therapists predict future function? Prognosis in the weeks following spinal cord injury.” (2/24/23).
5. Smith AC, Thornton WA, Draganich C, Berliner J, Tefertiller C, Weber KA. APTA Combined Sections Meeting Academy of Neurologic Physical Therapy Platform Presentation, San Diego CA, USA 2023. Title of talk: “A clinical prediction rule using S1 dermatome to predict independent walking following spinal cord injury” (2/25/23).
6. Claus D, Draganich C, Berliner JC, Niehaus W, Berliner JM, Magnusson D, Smith AC. Needs of marginalized, uninsured patients with physical disabilities during the first wave of the COVID-19 pandemic. University of Colorado Physical Therapy Program Health Promotion Symposium. (9/16/22).
7. Draganich C, Weber KA, Thornton WA, Berliner JC, Sevigny M, Charlifue S, Tefertiller C, Smith AC. Academy of Spinal Cord Injury Professionals, Kansas City, MO USA 2021. Title of talk:

“Predicting outdoor walking one year after spinal cord injury: clinical prediction rule validation.” (9/8/22).

8. Smith AC, Thornton W, Shirley Ryan Ability Lab 45th Interdisciplinary Spinal Cord Injury/Disease Course. “The Application of Imaging for Prognosis and Treatment of SCI.” (4/28/22).
9. Smith AC, Thornton W, Tefertiller C. APTA Colorado Rocky Mountain Annual Conference. “A review of foundational neuroscience for neuro-restorative clinical interventions.” (9/25/21).
10. Smith AC, Berliner JC. Academy of Spinal Cord Injury Professionals, Reno, NV USA 2021. Title of talk: “White matter tract imaging following SCI: predictors of future motor and sensory scores.” (9/8/21).
11. Smith AC. University of Colorado Department of Physical Medicine and Rehabilitation, Aurora CO, USA 2021. Title of talk: “Pushing protons for prognosis: can MRI improve clinical management of individuals with spinal cord injury?” (5/5/21).
12. Smith AC. University of Colorado Department of Integrated Physiology Colloquium, Boulder CO, USA 2021. Title of talk: “Spinal cord injuries: what can conventional MRI offer us?” (3/22/21).
13. Tefertiller C, Rozwood M, Smith AC. Academy of Spinal Cord Injury Professionals, USA 2020. Title of talk: “Transcutaneous spinal cord stimulation in combination with massed practice training in spinal cord injury.” (9/13/20).
14. O’ Dell DR, Albin SR, Weber KA, Berliner JC, Sevigny M, Dungan D, Abdie DR, Anderson JS, Rich AA, Seib CA, Skadow HG, Elliott JM, Smith AC. APTA Combined Sections Meeting Academy of Neurologic Physical Therapy Platform Presentation, Denver CO, USA 2020. Title of talk: “Can early MRI measures predict who will walk outside one year after spinal cord injury?” (2/13/19).
15. Smith AC, Hohl K, O’Dell DR, Elliott JM, Kleinschmidt LA, Parra JA, Patel JG, Ninonuevo RA, Reeder AS, Wolff PL, Jayaraman A. APTA Combined Sections Meeting Academy of Neurologic Physical Therapy Platform Presentation, Denver CO, USA 2020. Title of talk: “Do exoskeleton training and FES ameliorate muscle atrophy following acute SCI?” (2/13/19).
16. Smith AC. APTA Colorado Rocky Mountain Annual Conference. Denver, CO USA 2019. Title of talk: “Spinal Cord Injury: a vision for future rehabilitation efforts.” (10/11/19).
17. O’ Dell DR, Albin SR, Weber KA, Berliner JC, Sevigny M, Dungan D, Abdie DR, Anderson JS, Rich AA, Seib CA, Skadow HG, Elliott JM, Smith AC. APTA Colorado Rocky Mountain Annual Conference. Denver, CO USA 2019. Title of talk: “Can early MRI measures predict who will walk outside one year after spinal cord injury?” (10/11/19).

18. Smith AC, Hohl K, O'Dell DR, Elliott JM, Kleinschmidt LA, Parra JA, Patel JG, Ninonuevo RA, Reeder AS, Wolff PL, Jayaraman A. APTA Colorado Fall Conference. Denver, CO USA 2019. Title of talk: "Do exoskeleton training and FES ameliorate muscle atrophy following acute SCI?" (10/11/19).
19. Smith AC. Shirley Ryan Ability Lab Spinal Cord Injury Symposium. Chicago, IL USA 2019. Title of talk: "Re-imagining the future of SCI care." (6/5/19).
20. Smith AC, Tappan R, O'Dell DR, Weber KA, Abbott R, Hoggarth MA, Elliott JM. APTA Combined Sections Meeting Academy of Neurologic Physical Therapy Educational Session. New Orleans, LA USA 2018. Title of session: "Imaging of spinal trauma: can protons inform prognosis and improve outcomes?" (2/22/18).
21. Smith AC, Weber KA, O'Dell DR, Wasielewski M, Connor JR, Cummins DP, Heller KA, Hubert JS, Kates MJ, Mendoza KR, Elliott JM. APTA Combined Sections Meeting Research Platform Presentation. New Orleans, LA USA 2018. Title of talk: "Lateral corticospinal tract damage analysis in motor incomplete spinal cord injury – its relationship to specific motor deficits." (2/24/18).
22. O'Dell DR, Berliner JC, Elliott JM, Connor JR, Cummins DP, Heller KA, Hubert JS, Kates MJ, Mendoza KR, Smith AC. APTA CO 2017 Rocky Mountain Fall Symposium. Keystone, CO USA 2017. Title of talk: "Sagittal T₂ MRI measures of spinal cord damage in SCI: inter-rater reliability and implications for rehabilitation." (10/6/17).
23. Smith AC, O'Dell DR. Regis University Research and Scholarship Council Celebration of Scholarship and Research. Denver, CO USA 2017. Title of talk: "Can MRI augment the prediction of who will walk again after spinal cord injury?" (4/11/17).
24. Smith AC, Wasielewski M, Alexander A, Houmpavlis P, Kritselis A, Murnane M, Yelick K, Elliott JM. American Physical Therapy Association Combined Sections Meeting Research Platform Presentation. San Antonio, TX USA 2017. Title of talk: "Does spinal cord edema relate to ambulatory function in motor incomplete spinal cord injury?" (2/18/17).
25. Smith AC. Rehabilitation Institute of Chicago's Spinal Cord Injury Symposium. Chicago, IL USA 2016. Title of talk: "Walking after SCI: mechanisms and prediction." (6/3/16).
26. Smith AC, Parrish TB, Hoggarth MA, McPherson JG, Tysseling VM, Wasielewski M, Kim HE, Hornby TG, Elliott JM. American Physical Therapy Association Combined Sections Meeting Orthopedic Platform Presentation. Anaheim, CA USA 2016. Title of talk: "Minor" whiplash injuries...could they involve the spinal cord?" (2/18/16).
27. Smith AC. Northwestern University Department of Physical Therapy and Human Movement Sciences Grand Rounds seminar. Chicago, IL USA 2015. Title of talk: "Potential associations between chronic whiplash and incomplete spinal cord injury" (8/12/15).

Presentations (Abstract & Poster):

1. Bogard AT, Hembree TG, Pollet AK, Lattanzio L, Buard I, Smith AC, Tan AQ. Increases in corticospinal excitability after acute intermittent hypoxia are coupled with improvements in sensorimotor adaptation. Society for Neuroscience, Washington DC, USA 2023.

Funded/In Review Grant Activity:

Ongoing Support

K01 HD055931

Smith (PI)

08/2022-07/2026

Improving mechanistic understanding of responsiveness to spinal cord stimulation after spinal cord injury.

This study aims to use neuroimaging biomarkers to investigate mechanisms underlying both epidural and transcutaneous spinal cord stimulation and assist in predicting which individuals will optimally respond to spinal cord stimulation following spinal cord injury.

Role: Principal Investigator

Boettcher Foundation Smith (PI) 06/2022-05/2025

Webb-Waring Biomedical Research Award Program

Spinal cord lesion determinants of optimal responsiveness to spinal cord stimulation.

Project goals: Investigate histological and imaging biomarkers of residual tissue bypassing the lesion site and their influence on responding to spinal cord stimulation.

Role: Principal Investigator

NIDLRR Tefertiller (PI) 09/2021-08/2026

The Rocky Mountain Regional Spinal Injury System. The goal of this project is to evaluate comprehensive lifetime system of care, participate in a multi-center data base, and conduct local research studies involving wide-pulse functional electrical stimulation for upper extremity recovery.

Role: Co-Investigator

Completed Support

AB Nexus Seed Grant Smith and Tan (Co-PIs) 06/2021-05/2023

Acute intermittent hypoxia in persons with spinal cord injury: studying corticospinal drive and motor adaptation.

This study aims to investigate mechanisms by which acute intermittent hypoxia induces improvements in gait ability in participants with motor incomplete spinal cord injury. Specifically, corticospinal drive and motor adaptation will be studied.

Role: Principal Investigator

K12 HD055931 Smith (CORRT Scholar), Mueller (PI) 09/2021-07/2022

Improving mechanistic understanding of responsiveness to spinal cord stimulation after spinal cord injury.

This study aims to use neuroimaging biomarkers to investigate mechanisms underlying both epidural and transcutaneous spinal cord stimulation and assist in predicting which individuals will optimally respond to spinal cord stimulation following spinal cord injury.

Role: K12 scholar

CU PM&R Pilot Grant Smith (PI) 11/2020-10/2021

Machine learning to quantify muscle changes, lean body mass, and function in obese adults.

This study proposes the use of collected MRIs of thigh musculature to create a convolutional neural network that will rapidly measure muscle cross-sectional area and muscle fat infiltration and also predict lean body mass (verified using DXA) and knee extensor function (verified using knee extensor torques), in obese adults.

Role: Principal Investigator

R03 HD094577 Smith (PI) 02/2019-02/2021
MRI and machine learning to improve early prognosis and clinical management after spinal cord injury. This study aims to investigate the prognostic potential and clinical utility of advanced MR imaging for early prognosis and management of individuals following spinal cord injury.
Role: Principal Investigator

R01 HD079076 Elliott (PI) 06/2016-05/2019
Neuromuscular Mechanisms Underlying Poor Recovery from Whiplash
This study proposes to explore the use of advanced magnetic resonance imaging applications for early detection of whole-body muscle degeneration and altered spinal cord anatomy in whiplash.
Role: Co-Investigator

Regis University Research and Scholarship Council Smith (PI) 04/2018-04/2019
MRI to improve early prognosis and clinical management after spinal cord injury. This study aims to investigate the prognostic potential and clinical utility of advanced MR imaging for early prognosis and management of individuals following spinal cord injury.
Role: Principal Investigator

NIH Loan Repayment Program Smith (PI) 08/2015-08/2017
Cord Integrity, Muscle Changes, and Motor Control Following Traumatic Spinal Injury
This study aims to elucidate the relationships of and prognostic value for the 1) magnitude of damage to descending white matter pathways in the cervical spinal cord with MRI, 2) temporal expression of muscle fatty infiltration (MFI) in the extremities, and 3) maximal volitional motor control of the lower extremity. Specifically, the populations of healthy controls, chronic whiplash, and iSCI are being investigated.
Role: Principal Investigator / Clinical Researcher

T32 HD057845 Dewald (PI) 06/2014-06/2016
Training Grant – Neurobiology of Movement and Rehabilitation Sciences
The mission of this program is to train students with clinical and life/applied science backgrounds to become rehabilitation scientists in basic, translational or clinical research. The training program focuses on the neurobiology of movement and rehabilitation sciences, with three main goals: 1) understanding the neurobiology of movement behavior and disorders, 2) identifying and addressing the need for quantitative methods, 3) applying this knowledge to the development of effective rehabilitation interventions.
Role: PhD Candidate Trainee

C023690 (NYSDOH) & 83607 (Craig H. Neilsen Foundation) Knikou (PI) 06/2008-09/2012
Mechanisms Underlying Locomotor Recovery after Step training in SCI.
The purpose of this project was to establish the mechanisms and the changes of specific spinal neuronal pathways underlying recovery of walking and sensorimotor function following intensive treadmill training in people with a spinal cord injury.
Role: Research Physical Therapist

Membership in Scientific/Professional Organizations:

Review Editor in Spinal Cord Medicine and Neurorehabilitation, *Frontiers in Neurology* (2017 – Present)

Review Editor for *Frontiers in Rehabilitation Sciences* (2021 – Present)

Colorado RSVP Clinic Executive Board Member (2021 – Present)

Colorado RSVP Clinic Research Board Member (2018 – Present)

APTA Academy of Orthopaedic PT Imaging Special Interest Group Mentor for MRI/CT of the cervical spine (2017 – Present)

APTA Academy of Neurologic PT Spinal Cord Injury Special Interest Group Member (2018 – Present)

Society for Neuroscience Member (2014 – 2016)

American Physical Therapy Association Member (2005 – Present)

IEEE Engineering in Medicine and Biology Society Member (2015 – 2016)

International Spinal Cord Society – Physiotherapy management of spinal cord injuries (Certificate 2016)

Consultative and Advisory Positions Held:

PTWA Cultural Competence Task Force Chair – created and served as the head of a group of 15 physical therapists with a common mission to encourage increased diversity and cultural competence within PT in the state of Washington (2009 – 2010).

National Institute on Disability, Independent Living, and Rehabilitation Research (NIDILRR) Switzer Research Fellowship Program Grant Reviewer (2021)

Veterans Affairs Rehabilitation Research and Development (RR&D) Small Projects in Rehabilitation Research (SPiRE) Scientific Review Group member (2021)

University of Colorado Clinical and Translational Sciences Institute K to R Program Grant Reviewer (2022)

Manuscript Reviewer (ongoing). *Spinal Cord, Journal of Spinal Cord Medicine, Physiotherapy Theory and Practice, Disability and Rehabilitation, Spinal Cord Series and Cases, Clinical Physiology and Functional Imaging, Musculoskeletal Science and Practice – formerly Manual Therapy, Neurotherapeutics, Transactions on Neural Systems and Rehabilitation Engineering, Journal of Neurotrauma, Frontiers Systems Neuroscience, Physiological Reports, Journal of Applied Biomechanics, Annals of Clinical and Translational Neurology, BMC Musculoskeletal Disorders, Journal of Magnetic Resonance Imaging, Frontiers Human Neuroscience, Journal of Head Trauma Rehabilitation.*

Community Service:

2010 – 2012 Lincoln Park Community Shelter Job Coach – volunteered through a local Chicago homeless shelter as a mentor for young adults seeking employment.

2017 – Present Pro Bono Clinical Physical Therapist – Stout Street Clinic and Colorado RSVP Clinic at Craig Hospital

**Services to Students and the University, RHCHP College of Health Professions,
Regis University, Denver, CO:**

2020	Council for Research and Scholarship Grant Panel Discussion, Regis University, Denver, CO
2019 – present	Educational Technology Committee, RHCHP College of Health Professions Chair
2018 – 2019	Educational Technology Committee, RHCHP College of Health Professionals, Member and Chair Elect
2017 – present	Research Committee, School of Physical Therapy, Member
2017 – present	DPT Student Research Groups, School of Physical Therapy, Advisor
2017 – present	Research Celebration Planning, School of Physical Therapy, Director
2016 – present	Evidence-Based Practice Task Force, School of Physical Therapy, Member
2016 – present	Student Advising, School of Physical Therapy, Advisor
2016 – present	Student Clinical Experiences, School of Physical Therapy, Faculty Preceptor
2016 – present	Social Media Task Force, School of Physical Therapy
2016 – 2018	Global Health Committee, School of Physical Therapy, Member
2017	Search Committee for Regis University School of Physical Therapy, Administrative Assistant Position, School of Physical Therapy, Member
2016 – 2017	Admissions Task Force, School of Physical Therapy, Member
2016	Interviewer for Director of Center for Research and Scholarship Engagement, Regis University, Interviewer
2016	Search Committee for Regis University School of Physical Therapy Junior Faculty Position, School of Physical Therapy, Member

Services to the University/College/School on Committees/Councils/Commissions, Physical Therapy Program, School of Medicine, University of Colorado Anschutz Medical Campus, Denver, CO

2020 – present	CU PT Diversity Equity Inclusion Committee, Member
2020 – present	CU Rehabilitation Sciences PhD Program Committee, Member
2020 – present	CU PT Scholarship and Awards Committee, Member
2020 – present	CU PT Faculty Awards Subcommittee, Chair

Honors, Awards and Recognition:

2022-2025 Boettcher Foundation Webb-Waring Biomedical Research Award

2022 Jayanthi Lectureship Recipient, Academy of Spinal Cord Injury Professionals

2022 American Spinal Injury Association Translational Research or Human Neuroscience Studies in Spinal Cord Injury (TRoHNS) Award

2021 APTA Academy of Neurologic Physical Therapy Spinal Cord Injury SIG Research Award

Awarded to a member of the ANPT SCI SIG who has demonstrated exemplary contributions to spinal cord injury research.

2021 – 2022 Comprehensive Opportunities in Rehabilitation Research Training (CORRT) Scholar

2019 – 2021, NIH R03 Grant, NCMRR Early Career Investigator Award

Eunice Kennedy Shriver National Institute of Child Health and Human Development. Grant Number R03HD094577, “MRI and machine learning to improve early prognosis and clinical management after spinal cord injury.”

2020 Regis University Rueckert Hartman College of Health Professions Junior Faculty Teaching Award
Awarded annually to one faculty member who displayed exemplary teaching. Involves a peer-nomination and competitive College of Health Professions Awards Committee selection process.

2019 Regis University School of Physical Therapy Excellence in Teaching Award

Awarded annually to one faculty member who displayed exemplary teaching, selected by the graduating DPT class.

2018 – 2019, Regis University Research and Scholarship Council

Faculty grant, awarded to internal applicants in a competitive application process.

2015 – 2017, NIH/National Institute of Neurological Disorders and Stroke

National Institutes of Health Extramural Loan Repayment Program for Clinical Research.

2015 Foundation for Physical Therapy Mary Lou Barnes Award

Awarded due to the outstanding PODS II application in postprofessional studies within neurology.

2015 Foundation for Physical Therapy Promotion of Doctoral Studies II Award Recipient

Awarded to select physical therapist PhD candidates with the intent of developing independent researchers who will add to or refine the body of knowledge on which physical therapist practice is based.

2014 Foundation for Physical Therapy Promotion of Doctoral Studies I Award Recipient

Awarded to select physical therapist graduate students with the intent of developing doctorally prepared researchers who will add to or refine the body of knowledge on which physical therapist practice is based.

2014 – 2016, NIH/National Institute Of Child Health & Human Development T32 Training Grant
Awarded to select neuroscience graduate students for financial support, this training program focuses on the neurobiology of movement and rehabilitation sciences, with three main goals: 1) understanding the neurobiology of movement behavior and disorders, 2) identifying and addressing the need for quantitative methods in the field and 3) applying this knowledge to the development of effective rehabilitation interventions.

2012 Foundation for Physical Therapy Florence Kendall Doctoral Scholarship Award Recipient
Awarded to five physical therapists nationwide who display outstanding potential within their first year of post-professional doctoral degree studies.

2009 Infinity Rehab Shining Star Award Recipient
Awarded to select physical therapists nationwide who demonstrate excellence in clinical care.

2008 American Physical Therapy Association Minority Award for Excellence Recipient
Financial assistance and direct mentorship, awarded to nine PT students nationwide who belong to a minority group, displayed excellence in academics, and have done extraordinary work with minority populations during physical therapy school.

Continuing Education Attended:

2022: American Spinal Injury Association Annual Scientific Meeting “What do we need to Learn to take Full Advantage of Spinal Electrical Stimulation to Improve Functions Lost or Impaired by SCI?”

2021: Academy of Spinal Cord Injury Professionals Conference.

2020: American Spinal Injury Association Conference “Brain-Machine Interfaces: From Basic Science to Neurological Rehabilitation.”

2019: APTA CO Annual Conference “Overcoming Barriers to Delivering PT Rehabilitation in the ICU.”

2018: APTA Learning Center “How to Overcome Obstacles to Using Evidence-Based Practice in Your Clinic.”

2018: Physioplus “Wheelchair Service Provision.”

Current Teaching Responsibilities in the Entry-Level Program for Academic Year of Site Visit:
DPTR 5011 Neuroscience; Co-Course Coordinator, Fall, 60 hours
