

David A. James, PT, DPT, OCS, SCS
 Mailstop C244, 13121 East 17th Avenue, Aurora, CO 80045
 303-514-4554
 Doctor of Physical Therapy Program, University of Colorado, Anschutz Medical Campus

Education:

Doctor of Physical Therapy: University of Colorado Denver Aurora, Colorado	May 2010
Master of Science in Physical Therapy University of Colorado Health Sciences Center Denver, Colorado	May 2001
Bachelor of Arts: Kinesiology and Applied Physiology, Psychology University of Colorado Boulder Boulder, Colorado	1998

Licensure Information

Physical Therapy Licensure State of Colorado license number: PTL 07633	2001- present
---	---------------

Certifications:

Board Certified Sports Clinical Specialist (SCS) American Board of Physical Therapy Specialists	2013 –present
Certified Emergency Medical Responder American Red Cross	2012 – present
Board Certified Orthopedic Clinical Specialist (OCS) American Board of Physical Therapy Specialists	2005-present
Sportsmetrics Certified Instructor Cincinnati Sports Medicine	2004-present

Employment and Positions Held

Academic/University Experience

Senior Instructor , Physical Therapy Program University of Colorado Anschutz Medical Campus, Aurora, CO	2015-Present
---	--------------

Senior Instructor (0.3 FTE) School of Medicine Department of Rehabilitative Science Physical Therapy Program University of Colorado Denver Anschutz Medical Campus	2006-2015
--	------------------

Aurora, Colorado

Affiliate Faculty

2002-2006

Laboratory Instructor in musculoskeletal management courses
School of Medicine Department of Rehabilitative Science
Physical Therapy Program
University of Colorado Health Sciences Center
Aurora, Colorado

Clinical Professional Experience

Sports and Orthopedic Physical Therapist

2015- Present

Cascade Sports Injury Prevention and PT, Lakewood, CO

Provide 12-20 hours per week of clinical patient/athlete management from evaluation through return to sport assessment for all body regions and across all levels of athletic aptitude for individuals of all ages.

Ongoing community education through coach clinics, team in-services, state and regional athletic trainer association conferences.

Sports and Orthopedic Physical Therapist

2013-2014

Proaxis/ATI Physical Therapy, Denver and Westminster, CO

Provide 34 hours per week of clinical patient/athlete management from evaluation through return to sport assessment for all body regions and across all levels of athletic aptitude for individuals of all ages.

Ongoing community education through coach clinics, team in-services, state and regional athletic trainer association conferences.

Sports Medicine Physical Therapy Supervisor

2008-2013

Children's Hospital Colorado

Supervision of satellite outpatient sports therapy clinics and associated clinical staff, budgeting, marketing and development.

Performed yearly clinical competency and performance reviews on staff PT and PTA clinicians. Worked closely with department medical and surgical directors along with community high school ATCs for injury risk screening, injury reduction programs and athlete participation management.

Provide 32 hours per week of clinical patient/athlete management from evaluation through return to sport assessment for all body regions and across all levels of athletic aptitude for individuals age 8-25 years old with 80% of case load being of high school age.

Ongoing community education through coach clinics, team in-services, state and regional athletic trainer association conferences.

Developed musculoskeletal screening tool and coordinated musculoskeletal portion of pre-participation sports physical exams for high school athletes of a large metro school district in coordination with medical staff.

Department exceeded budgets and patient satisfaction excellence rating expectations every year since 2008.

Founded the sports PT department within the sports medicine program in conjunction with physicians and an ATC in 2007.

Sports Medicine Physical Therapist

2007-2008

Full-time clinical management of full caseload consisting of pediatric and adolescent patients with sports related injuries and rehabilitation across all body regions.
The Children's Hospital, Colorado

Interim Clinic Director

2006-2007

Physiotherapy Associates

Took on budgeting, forecasting and marketing of new clinic in the absence of a full-time clinic director.

Managed full-time caseload of patients with varied orthopedic and sports related injuries from examination through discharge.

Englewood, Colorado

Staff Physical Therapist 2001-2006

Physiotherapy Associates

Managed full-time caseload of patients with varied orthopedic and sports related injuries in a busy corporate owned physical therapy practice from examination through discharge.

Englewood, Colorado 2005-2006

Golden, Colorado 2003-2005

Centennial, Colorado 2001-2003

Scholarly Agenda

To advance clinical research in areas of female gymnastic injury risk factors and return to sport progression, as well as determinants of successful return to competitive sport following anterior cruciate ligament reconstruction.

Two day 16 contact hour credit course.

Research Activity:

Membership in Scientific/Professional Organizations:

Member- American Physical Therapy Association- National and Colorado Chapters; Orthopedic and Sports Sections; Sports special interest group (SIG) Colorado.

Member- National Strength and Conditioning Association

Honors and Awards:

Outstanding Clinical Instructor University of Colorado 2010

Program and or University Service

Primary Mentor to University of Colorado Master’s in Human Anatomy Capstone project 2021

“Glenohumeral Ligaments Explained: The Use of a 3D Printed Model to Understand the Movement of the Glenohumeral Joint”. Monica Fong

Committee Member to University of Colorado Master’s in Human Anatomy Capstone project 2022

“Impact of customized digital dissection guide for physical therapy students on student satisfaction and learning outcomes”. Megan James

Current Teaching Responsibilities in this Entry-Level Physical Therapy Program

Spring Semester

Musculoskeletal Management I

- Provide lectures specific to all entry level knee joint MSK management content
- Lead lab instructor for Knee examination and management (6 hours)
- Lead lab instructor for exercise prescription and progression (2 hours)
- Provide lecture regarding imaging/radiology of lumbar spine and Lower Extremity
- Lab instructor in interactive lab setting for all lower quarter labs including examination, manual intervention and exercise prescription. (42 hrs)
- Proctor student competencies for physical examination, manual intervention and exercise prescription for each joint region of the lower quarter.
- Proctor final student practical examinations with verbal and written feedback.

Summer Semester

Musculoskeletal Management II

- Provide lectures on cervical spine anatomy, biomechanics and pathology. (4 hrs.)

- Lab instructor in interactive lab setting for all cervical spine content including examination, manual intervention (mobilization and high velocity thrust) and exercise interventions. (20 hrs)
- Provide lecture regarding imaging/radiology of cervico thoracic region (2 hrs)
- Proctor student competencies for physical examination, manual intervention and exercise prescription for each spinal region.
- Proctor final student practical examinations with verbal and written feedback

Clinical Anatomy I

- Lecture and develop examination questions for upper extremity MSK anatomy, arthrology and clinical anatomy and lower extremity clinical anatomy (8hrs)
- Anatomy lab dissection instruction, prosection provision, Cadaver practical set up and practical proctor: 15-20 hours per week.

Clinical Anatomy II

- Anatomy lab dissection instruction, prosection provision, Cadaver practical set up and practical proctor: 15-20 hours per week. (coincides with Anatomy I course).
- Review student prosection presentations

Advanced Spine manipulation elective:

- Instruct and evaluated students in advanced spinal manipulation in an interactive laboratory setting.

Sports Medicine and Advanced MSK Exercise Elective: Course Coordinator

- Instruct, lecture and evaluate students regarding evaluation and treatment including the basic science of musculoskeletal disorders, sports medicine specific patients/issues and sports participation screening in interactive laboratory setting and lecture hall presentation.
- Provide specific lectures and lead interactive labs on the following content:
 - Sports physical therapy as a profession 1 hr
 - Injury risk assessment and screening in the overhead athlete 1hr
 - Injury risk assessment and screening for the lower quarter 2 hrs
 - Foundations of speed training 3 hours
 - Agility training across all sports 2 hours
 - Plyometric training progression for rehabilitation and performance enhancement 2 hours
 - Pre-participation sports physical examination/screens
 - Sports psychology and physical therapy 1 hr

Fall Semester

Musculoskeletal Management III: Course Coordinator

- Instruct, lecture and evaluate students regarding evaluation and treatment of upper quarter (shoulder, elbow, wrist and hand) MSK management.
- Coordinate all aspects of course content delivery, student assignments and assessments including structure and framework of the course.
- Provide lectures on shoulder girdle anatomy, kinesiology, pathology and management content. (5 hrs.)
- Provide Lectures on Elbow anatomy, kinesiology, pathology and management. (4 hrs.)
- Lead Lab instructor in interactive lab setting for shoulder girdle and elbow examination, manual intervention and exercise intervention. (20 hrs)
- Proctor student competencies for physical examination, manual intervention and exercise prescription for each joint region of the upper quarter.
- Proctor final student practical examinations with verbal and written feedback.

- Provide lecture regarding Imaging/Radiology of upper extremity (2hrs)

Examination and Evaluation II

- Provide lecture on imaging modalities, fundamentals and indications (2 hrs)
- Provide lecture regarding basic imaging of upper and lower extremity (2 hrs)
- Proctor final student practical examinations with verbal and written feedback

University of Colorado School of Medicine Orthopedic Physical Therapy Program in Partnership with UCHHealth Role and Responsibility

- Program Coordinator
- Curriculum development for residents and mentors
- Content development for:
 - Shoulder girdle complex
 - Elbow
 - Lumbar spine
 - Knee
 - Joint regional imaging content for all regions
- Coordination of other faculty content delivery for the program
