UCH Signout & Rounding Tool

Background

- Why?
 - Patient Safety
 - Work Flow Efficiency
 - Faster Discharges
- GME Referendum From 11/2009
 - Implement electronic rounding & signout tool
 - Standardize handoff process across 4 hospitals
- EMRs (including EPIC) Do Not Include Electronic Sign Out

To our Affiliate users:

Got Citrix? If you do not currently have the citrix ICA client installed on your PC or Mac, please choose from the following list. Additional instructions can be found here.

After installation you should restart your browser or reboot your PC if directed to do so.

Download the Citrix ICA client (10.2) for 32-bit Windows (2000/XP/Vista compatible)

Download the Citrix ICA client for Mac OSX with Intel or PowerPC processor

PassThrough fix for PC users (only use if instructed by the UCH Helpdesk, reboot required)

University of Colorado Hospital AppWeb2 Interface, 2008

Next Steps...

- Continue to use the Excel Spreadsheets this week.
- Print out the rounding report after <u>5:35am</u> every am
- Compare the results
- Email me with problems/errors/bugs/questions
- Once any bugs are worked out, we'll officially email when the team should switch
