

COVID 19 Childcare Resources for Essential Staff

Below are additional low cost childcare resources that are currently available to healthcare providers. Please see below for more information:

Student Childcare Volunteers

Coordinated by CU Anschutz Medical Students - The guidelines linked below will instruct faculty/residents on the process to obtain a student volunteer for childcare. Please use the google spreadsheet, also linked below, to coordinate services.

- [Childcare sign up spreadsheet for both student volunteers and those needing care.](#)

Colorado Emergency Childcare Collaborative

Emergency program meant to target and serve the children of the employees who are most essential to containing and treating the virus and protecting our most vulnerable populations. Information and application at <https://covidchildcarecolorado.com/>.

The program covers:

- **Health care providers and staff:** Doctors, nurses, and all hospital support personnel, including maintenance and janitorial staff, who are so essential to maintaining our health system.
- **Public safety:** Police, firefighters, EMT, Department of Corrections.
- **Staff supporting critically at-risk populations:** Long-term care facilities, mental health facilities, residential facilities subject to available capacity.
