*\*relationship has ended*

All of the relevant financial relationships listed for these individuals have been mitigated.

All of the other planners, faculty, or individuals in control of content for this educational activity have no relevant financial relationships to disclose with ineligible companies whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.

#### Definitions

An **ineligible company** is any entity whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.

**Relevant financial relationships** are financial relationships of any amount occurring in the past 24 months with ineligible companies if the educational content an individual can control is related to the business lines or products of the ineligible company.
