How we got here

China deploys over 400 military doctors as Wuhan grapples with resource shortages

Reports in state media said hospitals across Wuhan, which is the epicentre of the raging novel Coronavirus outbreak, are facing a shortage of medical resources and are being forced to prioritise patients.

The Telegraph

UK infections soar by almost 1,000 in a day as retired doctors and nurses sign up to help NHS

Bill de Blasio: We Need All Medical Workers on the Front Lines

Our city and all cities need the federal government to enlist all doctors and health workers, and mobilize them in a way we've never seen.

By Bill de Blasio
Mr. de Blasio is mayor of New York City.
