About the Role:

We are currently looking for an experienced Physical Therapist (2+ years of experience in outpatient orthopedics) to join our Aurora team! The ideal candidate will have strong clinical expertise and a desire to continue learning and growing as a clinician while supporting the success of our patients and the development of more junior clinicians and visiting PT students.

FPC offers patient-centered, one-on-one care, clinical mentorship, opportunities for career and education growth, and a focus on providing exceptional patient outcomes and patient experience.

We've built partnerships with top residency, fellowship, and continuing education programs across orthopedics, women's health and manual therapy and collaborate with our therapists to build customized education and development plans to help them excel as professionals while expanding the practice's ability to serve our patients and communities.

- We work to understand our therapists' professional goals from day one and provide them with pathways to grow in their clinical skills and leadership abilities through investment in continuing education.
- We grow the practice by building new treatment areas around therapist skills and interests.

Clinicians at our Aurora clinic will see patients with a wide variety of backgrounds and with a diverse case mix, making it an interesting environment in which to hone your clinical skills.

Compensation & Benefits:

- Salary range of \$80,000 - \$90,000, based on experience
- Bonus structure
- Company match on 401k
- Flexible schedule (4x10, 8x5, etc.)
- Competitive benefits include:
 - Paid sick leave
 - Paid vacation time
 - Funding toward health / dental insurance
 - Vision Insurance
- Mentorship time to train and help you learn to care for patients in the way you want to

Essential Functions:

- Delivering high quality patient care to help patients reduce pain & other symptoms and achieve their functional goals

- Interacting with patients positively, in a way that helps them understand their plan of care and gives them confidence in their ability to achieve their goals
- Completing medical documentation timely, thoroughly, and accurately
- Mentoring junior clinicians and collaborating with other clinic staff to provide optimal patient outcomes

Required skills:

- Analytical and problem solving ability
- Proficiency with computers, Google Applications, Microsoft office applications and collaboration tools
- Must be willing to work independently and as part of a team
- Ability to display professionalism and discretion while working with patients
- Pursue continuing education to expand your practice and improve patient care
- Proficiency with email
- Requires manual dexterity and general strength and endurance

Minimum qualifications:

- Doctoral Degree in Physical Therapy from a school accredited by the Commission on Accreditation for Physical Therapy Education (CAPTE)
- Full-time (~40 hours per week)
- Preference given to applicants with the following backgrounds or candidates willing to pursue them:
 - OCS / Orthopedic Clinical Specialist or equivalent continuing education
 - COMT / Certificate of Manual Therapy or equivalent continuing education

About Functional Performance:

Functional Performance Physical Therapy Center (FPC) is an outpatient physical therapy clinic with 4 locations across the greater Denver area. We're on a mission to make our patients healthy, and we're looking for talented people who are passionate about helping patients navigate their healthcare journey from beginning to end. Below are a few principles that guide our approach to the practice:

1. Patient care as our primary responsibility
2. Working together as a team to achieve our goals
3. Investing in the education of our providers
4. Understanding and addressing the diverse health needs of communities we serve

We partner with several top-20 PT schools and other PT schools to host PT students for their clinical rotations to support the continued growth of the PT profession by providing our senior therapists with the opportunity to impart their skills and knowledge to the next generation of therapists.

Job Type: Full-time

Benefits:

- 401(k)

- 401(k) matching
- Flexible schedule
- Health insurance
- Opportunities for advancement
- Paid time off
- Referral program
- Retirement plan
