Hours: 24 hours/week - Monday and Wednesday 9-1 and 2:30-6:30, Friday 9-1 and 2-5

Location: On-site at Elevation Chiropractic and Wellness - 3400 Industrial Ln Unit 1A, Broomfield CO 80020

Job description:

Overview: This is a part-time, salaried position with the opportunity to transition to full-time.

Join our multi-disciplinary team of providers at Elevation Chiropractic and Wellness Broomfield! My physical therapists use one hour appointment times with a single patient per hour to provide tailored rehabilitation plans and educate patients on proper lifting techniques, injury prevention, pain modulation, and home exercise programs. Our patient population is an exciting mix of athletes returning to play and personal injury from car accidents.

Responsibilities:

- Assess patients' physical conditions by evaluating their mobility, strength, and functional limitations using comprehensive physiology and anatomy knowledge
- Design and implement custom treatment plans that incorporate therapeutic exercises, manual therapy techniques, neuromuscular reeducation, and therapeutic activities
- Collaborate with a multidisciplinary team to coordinate treatment plans and ensure seamless transitions of care for patients after acute or chronic injuries
- Monitor patient progress regularly, adjusting treatment strategies to meet evolving needs while maintaining timely documentation within electronic medical record (EMR) systems consistent with the standard practices for insurance and personal injury cases
- Educate patients on injury prevention, home exercise programs, and community resources to support ongoing health and mobility
- Maintain compliance with healthcare regulations and standards

Skills and Requirements:

- Degree required: Doctorate in Physical Therapy with active license to practice in Colorado
- Strong understanding of physiology, anatomy, and medical terminology essential for accurate assessments and effective treatment planning
- Proven ability to accurately manage time, including running efficient and timely patient visits
- Experience or willingness to learn how to capture patient notes using an EMR system, especially in relation to car accident/ personal injury cases
- Excellent patient care skills with the ability to communicate clearly and empathetically across diverse populations
- Ability to work collaboratively within multidisciplinary teams while demonstrating initiative in managing complex cases involving care plans for various conditions

Additional Benefits:

- 401(k) with a company match, Paid Time Off, Sick Leave, Holiday Pay
- Continuing education and license renewal reimbursement
- Malpractice insurance is covered
- opportunity for advancement
