CONTACT: Please send resumes to catherineannhodes@yahoo.com with subject item PHYSICAL THERAPIST

Duties:

- Conduct assessments and evaluations to determine the needs of patients
- Develop and implement individualized treatment plans for patients. We are unique. Clients see physical therapists for one to one care, 30 to 60 minute treatment times.
- Provide therapy sessions to patients, utilizing various therapeutic techniques--each of our treatment rooms has a reformer and all necessary modalities and equipment.
- Monitor and evaluate patient progress, adjusting treatment plans as necessary
- Collaborate with other healthcare professionals to ensure comprehensive care for patients
- Document treatments and write appropriate documentation to supporting healthcare professionals

Skills:

- Strong knowledge of physiology, anatomy, and medical terminology
- Experience in outpatient care settings
- Proficient in providing patient care and implementing therapeutic interventions
- Specialization in manual therapy or orthopedics is preferred

Bonus Skills:

- Pilates Certified
- Pelvic Floor Certified

As an Outpatient Therapist, you will play a crucial role in providing quality care to patients. Your expertise in physiology, anatomy, and medical terminology will allow you to accurately assess patient needs and develop effective treatment plans. Your experience in outpatient therapy settings will enable you to provide comprehensive therapy services to patients. Our clientele is largely spine focused with a variety of outpatient orthopedic dysfunctions. Specializing in pilates and/pelvic health is an additional skillset utilized within our clinic.

Join our team at BodyIntel. We need you to help make many clients lives better.
