

Covell Care and Rehabilitation is a ***one-of-a-kind mobile outpatient practice*** offering physical, occupational, and speech therapy. We are expanding along the Front Range and are looking to add more licensed therapists. This is a great opportunity for a therapist who is looking to manage their caseload and work with a unique group that offers various development opportunities, while always putting the patient first.

We promote independence, safety, and quality of life to patients in their homes, senior living communities, and community settings to treat them in the most optimal setting for learning, trust, and comfort. We accept Medicare, Medicaid, most other insurances, and private pay.

Job Purpose: To complete therapy with patients by establishing and following the therapy plan of care, following all recommendations, and staying in compliance with federal, state, and practice rules and regulations.

Key Responsibilities:

- Provide communication with the office staff as needed
- Communicate about availability in covering patients when asked
- Attend therapy treatment sessions on time, in-person or via telemedicine
- Evaluate and provide therapy to patients in ethical, appropriate provisions, adhering to practice and privacy standards
- Maintain updated licensure in good standing
- Complete therapy documentation within 24-48 hrs of treatment
- Maintain all requested HR documents
- Other duties may be required

Pay Structure: Therapists receive a percentage of reimbursement for the insurance collected and work as an independent contractor. Covell Care has an extensive coaching program to support onboarding therapists.

Company Values: Compassion, Communication, Trust, FUN!
