Overview
Colorado In Motion, part of the Confluent Health Family of Companies, is committed to developing strong independent physical and occupational therapists practicing in their local communities, meeting the needs of their friends and families. Our therapists have a variety of options to spark their passion for helping patients. Recent graduates and experienced therapists alike are encouraged to take advantage of programs developed to cultivate therapists in achieving their best life, both professionally and personally. The interconnection and cross-pollination between Colorado in Motion and Confluent Health therapists across the country is unique. Our therapists are exposed to researchers who know how to put evidence into actual practice and clinical settings where learning and growth can happen risk-free.

Salary range: $66 - 77K depending upon experience.

- And More!

Responsibilities
Physical Therapist Responsibilities:
The CHT provides services to patients with impairments, developmental disabilities, functional limitations, disabilities, or changes in physical function and health status resulting from hand trauma, disease or other causes under occasional guidance. Actively collaborates with the health care/educational team to meet patient care, outcomes and system improvement objectives. If you desire to be in an outpatient orthopedic setting, have an advanced degree in occupational therapy, a current Colorado OT license, or the ability to obtain a Colorado license, and you want to work with other outstanding therapists, then please apply today! CHT preferred but not required.

**Qualifications:**

- Graduate of an Accredited Occupational or Physical Therapy Program, licensed or eligible for licensure in Colorado State.
- Certified Hand Therapist preferred or working toward the hours of direct practice required to sit for the exam.
- Independence with custom fabricating orthotics of any type and completing basic to moderately complex hand injury evaluations.
- Strong non-cognitive (ie, communication, empathy, emotional intelligence, grit, etc.), hands-on, and clinical reasoning skills.
- Desire to be a part of a team that emphasizes a service-based culture of excellence and life-long learning.
- Truly enjoys the work of helping others, in an environment that is fun and rewarding.

A member of the *Confluent Health* family of physical therapy companies.
