

# Wind Crest by Erickson Senior Living

3235 Mill Vista Rd, Highlands Ranch, CO 80129

## Job Description

We are hiring a resident-centered Physical Therapist to join our team for our skilled nursing unit. All of our residents live within our award-winning campus, creating an environment where you can be part of their journey throughout their continuum of care. Our Physical Therapists provide a holistic approach, supporting the residents' physical, spiritual, emotional, and clinical needs. They are responsible for implementing residents' personal care plans, focusing on residents' strengths, preferences, and preferred routines, while providing a sense of comfort, companionship, and belonging.

## What we offer:

Onsite physicians group dedicated to only serving Erickson Senior Living residents

Mentorship for new graduates

The opportunity to work with the interdisciplinary clinical team to ensure the needs of our residents are being addressed throughout their care.

Onsite medical centers, providing wellness visits and sick care for all employees over 18 years of age.

A culture of diversity and inclusion, which builds on our values, vision, and mission.

A "career for life" approach to professional and personal development for our greatest asset; our employees.

Competitive benefits packages including medical, dental, vision, and PTO plus 40 volunteer hours, in accordance with applicable state law.

401k with a company contribution up to 3% once eligible.

Continuing education assistance, certification reimbursement opportunities

Access to our onsite gym, with state of the art equipment

Compensation: \$42-\$50/hour

Schedule: Monday to Friday, 40 hours a week, flexible scheduling. One weekend day required every 4 months.

## What we require:

- Must possess a valid Colorado Physical Therapy license. Degree and training must meet current Medicare and state requirements.
- The ability to complete documentation to meet reimbursement and regulatory requirements.
- Therapeutic experience or interest in older adults across multiple diagnostic groups is preferred.
