

## Orthopedic Physical Therapy Residency

Are you interested in Orthopedics? Do you want to develop your clinical reasoning skills and accelerate your growth toward becoming a clinical specialist? Would you like to be part of a vibrant academic health science center campus?

The [UNMC Orthopedic Physical Therapy Residency program](#) is looking for motivated applicants to begin July 31, 2023.

This 13-month program includes:

- Training with orthopedic physicians and other rehab providers
- Weekly mentoring sessions with clinical specialists
- Evidence-based advanced course work
- Clinical and academic teaching opportunities in the DPT Program
- Participation in research/scholarly activities

Residents are UNMC employees and receive benefits, including health insurance and PTO.

Clinical practice and didactic education are both located on the UNMC/Nebraska Medicine campus in Omaha, NE.

For more information on how to apply, please visit our [website](#) or contact us at: [ptresidency@unmc.edu](mailto:ptresidency@unmc.edu).
